About The Red Balloon

Pinpoint Productions Incorporated and TSCMTraining.com presents the most informative video on industrial espionage and electronic eavesdropping ever produced. Hosted by Charles Taylor, who also shares his exciting real-world experiences through his cleverly narrated war stories, this two hour video will take you through the mysterious world of domestic and foreign espionage against both individuals and companies, as well as delving into depths of real world illegal eavesdropping.

Whether you are a simple curiosity seeker or someone needing to increase their knowledge of these subjects, this video will open a whole new world to you.
