Welcome to the new edition of the Ernest Doe Power Hire Catalogue

The Ernest Doe Power Hire Department is located at our Framlingham branch where we offer a wide range of equipment suitable for builders, the general public, contractors and landscape gardeners.

All our staff have a comprehensive knowledge of the equipment and its uses, ensuring that you will receive prompt and helpful service.

This catalogue provides you with some of the most popular items available. Occasionally you may need to hire a specific product which is not usually kept on the hire stock, however we can obtain any equipment you need.

Additionally, we offer a full delivery and collection service to your door, although you can of course collect items in person.

Ernest Doe is a long established family run company going back over five generations. We have built a reputation for providing a high quality, professional service to the agricultural, horticultural and construction industries and we now operate from 19 locations throughout East Anglia and the South East.

Non-account customers may be required to pay a deposit and will be asked to produce two forms of identification showing proof of name and address (eg a driving licence and recent utility bill). Full terms and conditions are available on request and on the reverse of your hire document.

We look forward to hearing from you soon. Thank you.
