About Spearmint Hippo

Spearmint Hippo is a trio of young minstrels based in the Los Angeles, CA area. The group was formed in 2011 by members Jason Tibi & Justin Siegal; both graduates of the same high school in Los Angeles. After a short while of cycling through names such as *NASA's Dark Knight Globe Yes* Justin & Jason briefly took a hiatus as Justin spent a semester at the Berklee College of Music in Boston, MA. Many have tried to join Spearmint Hippo's ranks but the pair was determined to keep the band as the original duo.

Upon Justin's prodigal return, the boys were again up in arms. Jason then went on to study at the California Institute of the Arts where he met Dylan Alexander Freeman. Dylan was born and raised in New York City but came to California at 18 years old. Dylan's band at the time opened for Spearmint Hippo in the fall of 2014 after a budding friendship between Dylan & Jason had begun. A short few months after this show Dylan, above all other hopeful Spearmint mega-fans, was offered a spot in the band.

Dylan's "King-Arthur's-Fabled-Sword-in-the-Stone"-like rise into Spearmint Hippo signified a new age for the band. As he was folded in, the band suddenly had a new world of musical possibilities opened up, allowing the band to develop its unique sound. Spearmint Hippo has been taking huge strides ever since Dylan's inclusion. The three amigos are now on their way to stadium stardom as the legend of Jason, Justin, & Dylan continues to unfold.
