

1965 UK Record Releases by Date

This is a list of all UK 45 singles and EP's found on the 45 cat website and any new release sheets as of the 18/01/2016. Generally records that don't have a full release are not included. Some spoken word only records are not listed. Records that would have had a specific week when they were first released, but which dates have not been found, but are known to have been issued on an actual month are included at the end of each weekly listing for the month in question.

Numbers in red indicate ownership on 45 cat for those with 5 or more.

Records that made the charts of the time are only stated where no specific week has been found or if a chart record fails to score 5 ownership indications - indicated by the term **chart hit**. Any number that follows is an ownership indication not a chart position.

Only A sides are listed. Records were generally released on a Friday.

Any record listed only by the year 1965 on the 45 cat site are not included in this list. As such records could have been issued in 1966 or later. Up to the first half of 1965, records released could have the year 1964 on them.

Release date information is obtained from two sources. Firstly marked promo records and secondly from printed sources, such as new release sheets. Both of these were subject to variation and change.

Artists are listed first then the title shown in italics. EP tracks are not all listed. If the title of the EP does not include an actual song that is on it, then the first track will be listed.
