CORSEGAMES

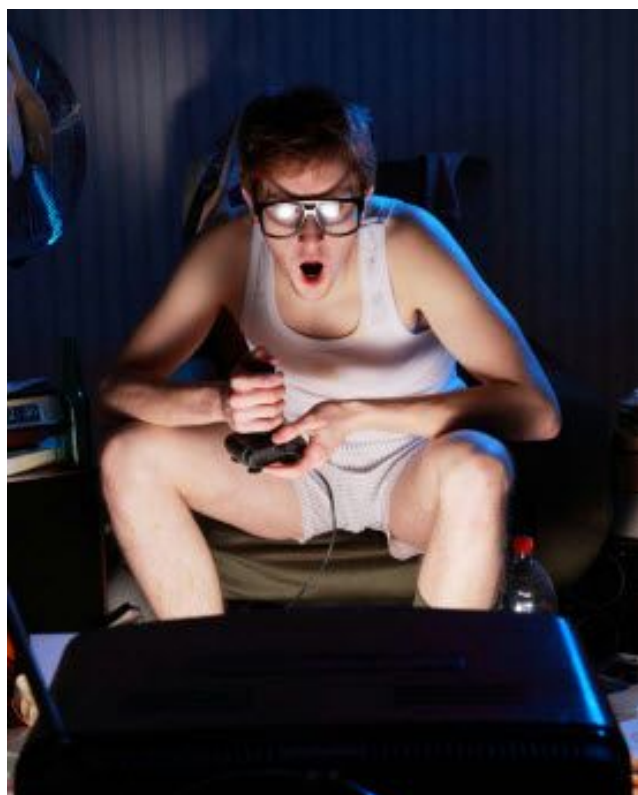

"The Internship" Movie

PLAY HARD, WORK HARDER. Corsegames internship program 2016

The **Corsegames Internship Program** puts YOU in the Game! Our interns get to work on real projects alongside with industry's professionals. Also, landing an internship at Corsegames isn't just about work, there's plenty of time for mentoring, professional networking, social activities AND game play. No matter what your area of expertise, we think you'll agree there is no better place than Corsegames to put your skills and passion to work.

**"The best preparation for tomorrow
is doing your best today."**

OPEN POSITIONS

We're looking for humble but ambitious, razor-sharp professionals who can teach us a thing or two. We promise to return the favor.

Like us, you take play seriously; you're passionate about games. We embrace those who see things differently, aren't afraid to experiment, and who have a healthy disregard for constraints.

That's where you come in.

The Program

The program will start on March and it will end on July, 5hs a day.

You will help us with our latest game and with some cool innovative stuff.

Also we have new offices for you to feel as comfortable as in your cave.
