Cake Slicers	31-32

OUR COMPANY

Euro Tins has become a household brand when it comes to buying bakeware for cakes. We are designer and manufacturer of cake tins and related bakeware of various shapes and sizes.

We have redefined the art of shaping cake sponge using cake moulds without having to cut and carve the cake. Inspired with the baking revolution of our times, Euro Tins has responded with its imaginative products for bakers looking for artistic tools to execute creative baking ideas.

Innovation and uniqueness in style endorses skill and creativity of our team. We are constructly bringing new designs to help creative bakers fulfil thier baking dream. We also take on bespoke orders should you have specific size and design requirements. We own registered Intellectual Property rights in the cake tins designs created by us.

Please contact us at info@eurotins.co.uk if you are interested in stocking our products.

Great selection of geometrical shapes available in our multilayer category offering extra option for wedding cakes.

Geometrical shape cake tins are now available in singles so you can stock the most popular size. These are only available to order for a 6 weeks delivery time.

The world has fed up of seeing boring round pizzas so it's time to change. With our pizza pans bakers can create shaped pizzas never imagined before.

Number shape cake pans are extremely popular for birthday, anniversary & other occasion cakes and the demand is ever growing.

Euro Tins' Topsy Turvy shape has been our top selling product with the metal stand design receiving overwhelming response from bakers around the world.

Great news! Steel Round Cake/Mousse Rings have been launched this year. The bakers who prefer bottomless cake pans will love it. Please refer page 26 (CR01)

MULTILAYER - ROUND

5 TIER ROUND cake tins

Code : CTA05

Size : 6" 7" 8" 9" 10"

all 3" depth (approx)
