

# BROKEN WALL MINISTRIES

## Our Vision for 2016

Our ministry is passionate for the orphaned of the world.

What would the orphan crisis look like if THE CHURCH was determined to find a home for every child?

What if we rose every morning and went to bed each evening praying for every single orphan to have a mother and father?

Our vision for 2016 is for the word "orphanage" to become obsolete and replaced with FAMILY.

**Pray for doors to open in Bulgaria where a holocaust of orphan neglect and abuse occurs everyday. We are talking to several agencies in this land and hope to go to Bulgaria in the summer of 2016 to work with special needs children and advocate for their adoptions.**

## 2015 - Year in Review

Our first year of living back in the States has come and gone, and we are so very thankful for what God has done for our family, and, in particular, for our little Maci. She had open heart surgery this summer, and her heart and lungs are completely healed!

We will be staying in Amarillo, but our hearts are still with the children around the world who wait for forever families. I, Mary, returned to China in October to take medicine and financial support to our children's home in Kunming as well as two new orphanages. Our prayer is that we will be able to return to China 2 or 3 times a year to love on children.

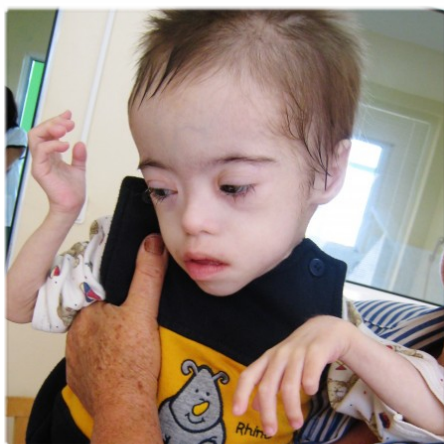

## Bulgaria

In August of this year, Randy and I saw the picture of a little girl in Bulgaria who was 5 years old and weighed only 11 pounds. She (and other children from her orphanage) had been intentionally starved to keep her “compliant.”

We asked for her file so that we could pray about adopting her. She died of starvation and neglect before we, or any other family, could bring her home. This precious little girl broke our hearts for the country of Bulgaria and the orphaned children there.

Less than 50% of the orphans in eastern Europe will live to the age of 20. We are so needed there! Pray for our ministry to find ways to minister to the orphans of Bulgaria.

## What You Helped With This Year!

In 2015, our ministry was able to provide help for many children and adoptive families. Through your financial gifts, we sent medicine, clothes, diapers and formula to poor, rural orphanages in China. Broken Wall helped bring several older orphans to the States for a month-long hosting program. Almost every child who participated found a forever family!

Our ministry purchased hundreds of pairs of socks for Faith City Mission and clothing for the local Care Net Center. We provided assistance to many adoptive families, fed hundreds of orphans in Uganda, and ministered to weary missionaries in China. We were also able to financially help a precious missionary family whose child was battling cancer.

We are providing on-going help for a Chinese believer who was intensely persecuted by the Chinese government. The government tried to forcibly abort her unborn child, but she was able to escape to America. We will continue to provide prayer and financial support for her and the baby.

We gave several thousand dollars toward a life-saving surgery for one of the children we cared for in China. She is now thriving in her new family. We also gave generously to several young people going to the mission field. **You made all of this possible. Thank you!**
