Objective

A Computer Science major student seeking to secure a position where by hard work, dedication and the ability to acquire new skills will realise the goals of any establishment I work for, as well as to work in a dynamic environment where new challenges regularly arise.

Experience

Application Manager, Yusuf Bin Ahmed Kanoo W.L.L, Manama – Jun 2015 - Aug 2015

As part of the summer training program, I worked as an application manager in the firm's IT department. I managed a team of software developers and created a Personal accounting based **Android mobile application** for the firm, as well as getting the hands on work experience in a professional software development environment.

Web Developer, Mirana Programming – 2014 - 2015

As part of my free time, I have worked in a freelancing company with a team, Mirana Programming, which provides software solutions to local companies. Created Web Applications for 2 companies (Tooranco and OneEighty) in the given timespan.
