RE: Noah Risen

I am writing to recommend Noah Risen. Noah has worked for my store for 5 years. Noah always catches on quickly and is willing to work in any department - any hours, is extremely friendly and easy to work with. Currently he is working in the Grocery Department. He fills in at other departments if we run short of people there, as he has a working knowledge of most of the store, and is a night closer. We have found Noah to be honest and trustworthy.

Noah is an ideal employee in addition to being a wonderful human being that inspires others to do their best and to be friendlier to the customers and their co-workers. Noah can find things for himself to do when we are not busy, and can "turn it up a notch" when we get real busy.

Thank you for your consideration of Noah Risen, should you need any further information, feel free to call me on my Cell phone at 920.378.9039

Best regards,

Stephen Lueptow
