## ABOUT CROSS ONE

### CROSS ONE IS FOR EVERY ONE

Operating in the Greater Toronto Area, **Cross One** provides a variety of services to all types of different clients. From musical artists to new mothers, the **Cross One** team can make anyone's project dreams come true!

The **Cross One Movement** originally started in 2008 with a deep passion for music, but little resources to bring their creativity to it's full potential. After years of dedication and perseverance, the Cross One team built a self-sustaining record label, **Cross One Records**, where all their media and promotional needs could be handled in-house by their subdivisions **Cross One TV** and **Cross One Sound**.

**Cross One** now brings that deep passion, creativity and talent to service the needs of the community and bring their visions to life. For more information about **Cross One**, and to check out the music that started it all, visit the website at [www.crossonerecords.com](http://www.crossonerecords.com)
