

Dear Reddit Admins,

Tl;Dr /u/JackAndy started trolling me in one sub, and is now following me around in other subs harassing and slandering me. This is more pressing as I use my real name on Reddit, so my real name is being slandered. He is also slandering the achievements of a phenomenal athlete, but that's by the by. The part where he violates Reddit rules is the following me around into different subs to message the same attacks at me. I would be very grateful if you could do something to stop the harassment, as I know that you like to keep this sort of thing out of Reddit.

Long version, with evidence in links and screenshots.

I made a post about a friend's world record attempt that he's doing for charity. Almost inevitably, a troll appeared, /u/JackAndy. Here is just the basic annoying but not rule breaking trolling for context https://www.reddit.com/r/gaybros/comments/4bfcxo/ben_smith_is_over_half_way_to_his_target_of/d1b4e6g?context=3

The screenshot shows a web browser window with multiple tabs open. The main content area displays a Reddit thread on the subreddit r/gaybros. The post itself is about a user's marathon run attempt and has received 486 points. Below the post, several comments are visible, including a series of posts from a user named /u/JackAndy. One of these posts contains a link to a post on r/subredditads, which is a subreddit dedicated to creating ads for other subreddits. The comments from /u/JackAndy appear to be a series of replies to the original post, possibly attempting to distract or discredit the user's achievement.

Let's not get nasty now. It's nothing personal. You come asking us for money for "your friend" and respond with vicious personal attacks when questions are raised about obvious holes in the story. Your post is being reported.

I didn't ask for money for him, and the "holes" are demonstrable lies. When you slander my friends then it's VERY personal.

You need to call Guinness World Records and ask them if you want that. They have his verification records. Unless you think they're lying too.

No, prove it. You said it was demonstrable now demonstrate it. You brought out the big words, now back them up. Just exactly how am I lying? You're calling me liar. Now how am lying when I say he didn't run the distance the website says he did?

Tomorrow he will break a world record. Like he has every day for the last 150+ days. I actually also have a world record. Tomorrow you will try and make yourself feel better by making up lies about the achievements of others. That's who you are.

Oh what's your world record?

It's then that I decided, this guy is just a troll, so I left it be. (There is also another thread of his nonsense somewhere

https://www.reddit.com/r/gaybros/comments/4bfcxo/ben_smith_is_over_half_way_to_his_target_of/d1b8sbi?context=3 but again, I decided to leave it after it appears he's just trolling)

So then I woke up this morning to find he had gone through my profile and started messaging people who I had spoken to, basically slandering me. Oh, and it is libel by the way, he's fixated on my claim to have a World Record, [And the benefit of not using a pseudonym is that it's easy to prove that actually yes I do](<http://www.guinnessworldrecords.com/world-records/89649-fastest-time-to-eat-a-chocolate-orange>).

So this is harassment right? He's following me around reddit into different subs and messaging lies about me, telling people not to believe me. I'm kind of sick of him. Can you not do something?

I'll post links and screenshots in case he removes the comments.

Are you joking that sounds amazing

Seriously, imagine a gas cloud drifting into your trench and you have seconds to get a mask on or you die. Charging across no man's land with machine gun fire, just to get pinned down in a crater, thinking you are relatively safe, then a biplane or two make a gun run on your position. And the biplane warfare! Attacking heavily armed German Zeppelins! You could do a lot of cool stuff in a wwi game.

It is a videogame after all, it doesn't have to just be hours of sitting in a shit filled trench with diarrhea.

Cool. Where can I hear about your World Record for free?

Personally, I think it would just be frustrating and chunky game mechanics (randomly dying from mustard gas, dodging artillery, slow/drown out trench warfare fights... Don't get me started on tanks that didn't quite work...)

But right now cod is just twitchy reflex. You see you point you shoot and you hit because you fired 100 bullets from a magically accurate gun, I hate that.

I want to know that I can fire a dozen shots at someone at distance and maybe not hit them, that you need to keep your surroundings in mind because you're using it as cover from things you can't hope to shoot back at. I want shooting to be not about pulling the trigger first, but getting the balance between firing now, and maybe missing, leaving yourself exposed reloading for a second, or waiting until you get closer, or aim more carefully for a better shot but knowing that the enemy is also trying to line up a shot.

And you wouldn't randomly die from mustard gas or artillery, no more than any other killstreak reward in Cod today. Mustard gas would basically shut off certain areas of the map except for those who had masks, and so calling it could be tactical. And the wind could move it so that you have to keep track of where it is.

Plus biplanes would be awesome, because you'd be actually at risk from ground fire

Don't listen to this guy. He claims to be a Guinness World Record Holder but won't actually say what his record is.

vegetarian 1 point 8 hours ago
Went to a fish and chip shop with my family, and fully expected zero stuff but I asked and they said "oh we have a veggie lasagne that isn't on the menu but just for vegetarians." Sweet, so I ask for it with chips.

I get it and noticed the mince has bone fragments. I ask if she's sure this is vegetarian and she says "Oh you wanted vegetarian lasagne? Are you sure you asked for it?" And I'm likeyes.... you don't have lasagne on the menu, I only found out about it by asking you if you had a veggie option! That's how the lasagne came up!

so she apologises and goes back, so I just sit and eat my chips. 5 minutes later she comes running out of the kitchen shouting "Stoooooop!"

The chips were cooked in beef fat.

They did bring out a veggie lasagne... microwaved.... and it was OK.

She actually said "Oh I've spoken to my manager and we won't charge you for the first lasagne"

Oh you mean the thing I didn't order and was actually the opposite of what I asked for, which was anything vegetarian? How generous of you...

I don't think she was being mean or a Dick, I think she was just not quite with it.

I wouldn't believe that this guy is a vegan. He claims to have world record and won't fess up to what they are. FYI.

https://www.reddit.com/r/AskReddit/comments/4bpr4p/when_did_you_start_having_intercourse_with_your/d1bf5dq?context=3

The screenshot shows a Windows desktop with a browser window open to a Reddit post on the AskReddit subreddit. The post title is "When did you start having intercourse with your date (not including one night stands)?". A comment by user "AdrianBlake" (submitted 7 hours ago) states: "First time I was 15 and we'd been going out 7 months. We did other stuff earlier though. Current girlfriend it was our 4th date I think." A user named "JackAndy" (submitted 4 hours ago) replies: "Cool. Just like your world record right?" This interaction is highlighted with a yellow box. The sidebar on the right shows the subreddit's statistics: 10,786,245 subscribers and 16,946 online now. It also features an advertisement for "Jr/PIZZA LEARN HOW TO MAKE PIZZA".

https://www.reddit.com/r/AskReddit/comments/4bpr4p/when_did_you_start_having_intercourse_with_your/d1bf4si?context=3

This screenshot shows the same Reddit post continuing. A comment by "donkey99745" (submitted 7 hours ago) says: "Hit it by the third date or move on. Also don't buy her anything very expensive." Another comment by "AdrianBlake" (submitted 7 hours ago) says: "I was thinking you were a guy. Listen, as a guy, ignore the guy above." A final comment by "JackAndy" (submitted 3 hours ago) says: "Don't listen to AdrianBlake. He goes around claiming to have World Record and calling people out but he's a liar and has no world record." The sidebar and advertisement remain the same.

So, is there any thing that can be done to stop this guy? I would really rather not have to run around correcting his lies on every place he messages me. I'd rather just ignore him.

Thanks for your time

/u/Adrian Blake
