

\\To Whom It May Concern:

FDR Skatepark in Philadelphia has been booked and cleared for what is shaping up to be quite possibly **the largest** gig it's ever hosted. It is happening. We are committed to making this location center stage for all things *counterculture, radical and revolutionary* during the week of the DNC.

July 25th: 12 noon start
Jamming into the night
FDR Skatepark, below I-95
Lineup TBA

Less than a mile from the site of the DNC @ the Wells Fargo Center

We are coming. We are booking the bands. We are making contacts. We are preparing.
Are you?
