AMERICANS CRITICAL MASS CRISES

The US has three critical public enemy problems and they are inter-related as follows:

Over-population - USA - 270 million people. Special report available upon request.

TRILOGY OF HUMAN BONDAGE' THE STORY OF MODERN SERFDOM -
Special report available upon request

HYPHENATED AMERICANS AND OUT OF CONTROL ILLEGAL IMMIGRANTS - Special report available upon request. This report deals more directly with item #2, Trilogy of Human Bondage Theme.

Pax Romana and Pax Americana

Reference, the Roman Empire article as given by the National Geographic Magazine, issue July 1997, vol. 192, no. 1

Quote: "It is a tale with particular poignancy at the end of the 20th century for citizens of the United States, which happens to be the richest and strongest nation at the moment in history."

Quote: Frank Bourne from the same article.

"In the age of Pax Americana, there's no more important lesson we can teach young Americans than the rise and the decline of Pax Romana."

Their story (the Romans) is our story, the Americans.

The writer, Phil Rossi, says, "Without a dramatic change in the form of a Renaissance Revolution our present society will fall."

Thomas Jefferson's quote applies more so today:

"Government should no longer waste the labors of people under the pretense of taking care of them."

In my life time and to date (1997), and since Franklin Delano Roosevelt's presidency, all the three branches of the American government have been and are pawns for the ruling class and power elite that includes the Jewish / Gentile financial cartels.

THE JEWISH VIRUS AND GENTILE CONNECTION THE UNITED STATES' ECONOMIC HOLOCAUST

- (*) 1. Many of the US business and financial institutions are contaminated with the Jewish virus of epidemic proportions.
- a) Bob Rubin - US Treasury
 - b) Allan Greenspan of US Federal Reserve Board
 - c) Henry Kissinger, the Chief Ferenghi for corporate enterprises overseas and in the US.
 - d) Mickey Kantor, Secretary of Commerce
 - e) Madeline Albright - Secretary of State
 - f) Bill Gates of Microsoft Co. - practices anti-trust monopolies
 - g) Richard Morris - The immoral and unethical political advisor
 - h) Samuel Berger - National Security Advisor
2. Jewish viruses need a host (cell) country, like America, in order to survive similar to biological viruses in general. The viruses feed on the natural resources of the host country. The Jewish viruses if left unchecked will grossly multiply within the (cell) host country, America, and create the economic/financial holocaust. Our nations debt is at least 10 trillion dollars. Again, at least forty (40) percent of 10 trillion dollars debt is attributed to the Jewish viruses. The other sixty percent is attributed by the Gentiles.
3. This Jewish virus invasion is worldwide and under the guise of world trade thanks to Henry Kissinger that will create and expand modern serfdom per anti-trust practices. The US government aided and abetted the economic/financial holocaust. All due to corruption in the government.
4. Of course, like all parasites, they thrive within or on another healthy organism, the host (cell) country. By themselves the Jewish virus cannot produce itself without invading Gentile countries.
5. An infective host (cell) country now becomes a virus factory, providing a home for millions of Jewish population. Even in Hollywood this infection is reflected. Is all this, the way to world order and world trade through the economic/financial anti-trust practices?
6. Remedy to the subject disease:
- a) All the world's Gentile countries must join together to create a vaccine for fighting the Jewish viruses.
 - b) The anti-bodies, of course, will come from the patriots of their host countries by establishing an effected immunization process and cure. The sell-out of most host governments like America make this a true tragedy.
- (*) I) Mr. Nussbaum White House Counselor

7. A book called, "Shores of Refuge", quotes, "That the wandering Jew views any host country as his homeland as long as they can establish successful business operations." Another name for the way the Jewish virus operates is (AHOC).

A - Arrogant

H - Hostile

O - Obnoxious

C - Contemptuous - Totally indifferent to the Gentile populace and their well-being.

8. The banking/financial Jewish guru lived 1743-1812 and the following is one of the quotes by Meyer Rothschild:

"Let me issue and control a nation's money, and I care not who writes its law."

The Rothschild banking dynasty have loaned money to nations at war with each other. Imagine they loaned money to the Civil War in America; the advantage is no matter what side, North or South, wins or loses, the Rothschilds win. This game has been played out many times. No patriotism here. This money game mentality is blood-sucking!

Some German-Jewish bankers gave money to Hitler!

9. The Gentile countries of the world are like a sleeping giant ready to be awakened or lose everything through world order - world bank - international money fund and the lame duck, the United Nations take over!

10. Daniel Boorstin, a Jew himself and a Pulitzer Prize winner of history gave this warning: That the greatest menace the US faces is that of hyphenated (ethnic) Americans who separate and divide the needed interests of the US.

Mr. Boorstin also quotes: "I think the notion of a hyphenated American, whether Polish-American, Italian-American or Afro-American is Un-American."!

The writer agrees with Daniel Boorstin, however, the greatest danger and menace comes from the Jewish-Americans for they carry the economic/financial viruses.

There are eighteen (18) million Jews in America and most of them feed off the resources of the host (cell) country, America. Like most viruses or cancer the contaminated cell (virus) keeps growing in the form of wealth and power via anti-trust practices.

The writer being an American patriot says, "This cannot stand." A patriot views allegiance and loyalty towards America as essential ingredients for being a true responsible citizen. Both the Jewish and Gentile cartels must be made aware before serious rebellions will occur throughout America.

11. An estimate of 350 billion dollars has filtered through to Israel because of our American inept government. Just think of it, with 350 billion dollars, America could have rebuilt the badly needed inner structure including the best school systems in the world. The Jewish and Gentile viruses cartels took that money all away from our citizens.

Yes, the true Americans and patriots throughout our land have been jilted and robbed of their American inheritance of a good quality of life.

The Jewish implant virus of course is the establishing of an Israel state in 1948. The United Nations also betrayed the Muslim world. This imbalance is why there will never be a true peace in that region, the Middle East. American leaders sold out to the Jewish virus, and betrayed the Palestinians, their freedom and homeland virtually gone.

The Jewish and Gentile viruses profile reflects the Feringi's characterization. I.e.:

To lie, cheat, is selfish, greedy and practices deliberate deception that always results in fraud and overall corruption. The dirty profit is always at the expense of the general public and citizens of that country.

There are millions of Feringis in the United States alone, it's like having millions of King George the III's.

EXTRA!!!!!!!!!!!!

During the presidential primary in New Hampshire Hillary Clinton found out about her husband's 12 year affair and adultery with Gennifer Flowers a beautiful woman..Mrs. Clinton was going to leave Mr. Clinton high and dry. BUT.....

It has been alleged that Lloyd Cutler made a deal with Hillary Clinton to stay with Bill Clinton. Most likely for a guaranteed settlement of a huge sum of money, to cover -up and to support her husband. It is suspected that Lloyd Cutler is a Jewish Feringi.

SOLUTION! 21ST CENTURY RENAISSANCE REVOLUTION!

Trilogy of Human Bondage The Story of Modern Serfdom

I like to see a little rebellion now and then. The spirit of resistance to government is so valuable on certain occasions that I wish it to be always kept alive.

Thomas Jefferson

**BAD-GOVERNMENTS
POLITICS**

**MODERN
SERFS**

**BAD-BUSINESSES
ECONOMICS**

Yes, we did produce a near perfect republic. But will they keep it, or will they, in the enjoyment of plenty, lose the memory of freedom. Material abundance without character is the surest way to destruction.

Thomas Jefferson

**FALSE BELIEFS
SUPERSTITIOUS RELIGIONS**

Millions of innocent men, women, and children since the introduction of Christianity have been burnt, tortured, fined, imprisoned. Yet, we have not advanced one inch towards uniformity.

Citizen Rossi's Pink Paper Report

American Wake Up Call to Public Enemies and Financial Cartels

Loser's, the majority of the American populace. This populace allows the Feringis in the United States to continuously commit fraud and extortion.

All real problems start with root causes...our liberties

The Triad diagram depicts the public's attitudes as shown that allows the American Economic Tragedy and on going Holocaust.

These most urgent problems facing America starts with the critical mass condition of the following Public Enemies I, II, and III.

Only a real renaissance revolution can perform the needed operation to result in a complete transformation and correct the nation's financial debt of seven (9) trillion dollars.

It is our patriot duty to offend the offenders, rob the robbers, and disable the economic financial killers.

It is our patriot duty to offend the offenders, rob the robbers, and disable the economic financial killers.

always leave the doors of economical disparity for all Americans. Especially the working labor class. Also, this conflict lowers the purpose and meaning of American culture and the true citizenship.

INTRODUCTION

The writer is a semi-retired (1997) aircraft / aerospace engineer. During my semi-retired eight years, I have researched and read, and studied World and American history coupled with current events.

I have become a student of Thomas Jefferson's philosophy, the third and best president America has ever had. President Jefferson was a statesman-philosopher, not a politician. Jefferson was the first president to balance the budget with no national debt.

I have also become a student of Carl Sagan's writings, especially the book called Cosmos. With knowledge of the past and present, we can all predict and aspire to the future for humankind. However, we all must understand the real facts of life and take action accordingly, in order to solve human kinds problems.

For the sake of identification only, I have to classify myself as a, "Cosmic Philosopher on Natural Science." This all came about after reducing all the natural and man-made facts of life to the lowest common denominators (LCDs). In fact, no one can do or get better than that.

Most of my writings reflect what is good, correct and positive as opposed to those things that are bad, wrong, and negative. For identification purposes, both types of attributes must be described for understanding and to promote problem-solving.

You do have the ultimate power to correct this dilemma.

All Americans need to recapture the spirit of the 1776 Revolution; there is no doubt that we have all but lost the principles and ideas of our founding fathers.

Citizen Rossi's Pink Paper Report

American Wake Up Call to Public Enemies and Financial Cartels

All real problems start with root causes...our liberties have been reduced to a crawl!

The three most urgent problems facing America starts with the critical mass condition of the following Public Enemies I, II, and III.

- I. Public Enemy Number One; Over population due to over-indulgence and over consumption. This condition yields massive pollution and diseases for generations to come.
- II. Public Enemy Number Two; Trilogy of Human Bondage, story of modern serfdom. Driving root causes are the Jewish and Gentile financial cartels responsible for America's economic Holocaust. National Debt now 1997 is close to seven (9) trillion dollars. See diagram.
- III. Public Enemy Number Three; Hyphenated Americans lack patriotism, allegiance, loyalty and unity of understanding. This condition ~~SUCKS~~ the emotional and financial resources of America. The result will always leave the disease of economical disparity for all Americans. Especially the working labor class. Also, this condition lowers the purpose and meaning of American culture and the true citizenship.

All of the subject critical mass public enemies can be resolved, but not without real transformation in our government and the way we are doing business. The way to accomplish solutions is to adopt the Century ultimate renaissance revolution. This report is available upon request. 1/21/98

American's Wake-Up Call!

It is time for a "New system of thinking!" All of our responsible philosophers advocate this need. The tidal wave of mesmerism, hypnotism, must be stopped!

It is unthinkable that the Jewish/Gentile financial cartels are allowed to prevail.

The news and advertising media are designed and supported by greed and deliberate deception, and fraud. These controlling Feringis prey on the public, who for the most part, are now mediocre thinkers. The public at large have been and still are set-up for the economic / financial kill especially in America.

American's Wake Up!!!!

You do have the ultimate power to correct this dilemma.

Losers; the majority of the American populace. This populace allows the Feringis in the United States to commit fraud and extortion via the triad attitudes as shown in this diagram.

Statements of Treason

English statesman, Sir John Harrington (1561-1612) expressed this truism best in his cute little rhyme:

"Treason doth never prosper, what's the reason? For if it prosper, NONE DARE CALL IT TREASON."

But no one have ever made a more profoundly true statement on the distasteful subject of treason than the greatest ancient Roman statesman who ever lived, Marcus Tullius Cicero. Real-Americans are motivated to investigate and discuss the greatest crime know to man because of what Cicero said about treason over 2,000 years ago. Cicero said:

"A nation can survive its fools, and even the ambitious. But it cannot survive treason form within. An enemy at the gates is less formidable for he is known and he carries his banner openly. But the traitor moves among those within the gate freely, his sly whispers rustling through the alleys, heard in the very halls of government itself. For the traitor appears no traitor; he speaks in the accents familiar to his victims, and he wears their face and their garments, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation; he works secretly and unknown in the night to undermine the pillars of a city; he infects the body politic so that it can no longer resist. A murderer is less to be feared."

Theodore Roosevelt on Patriotism

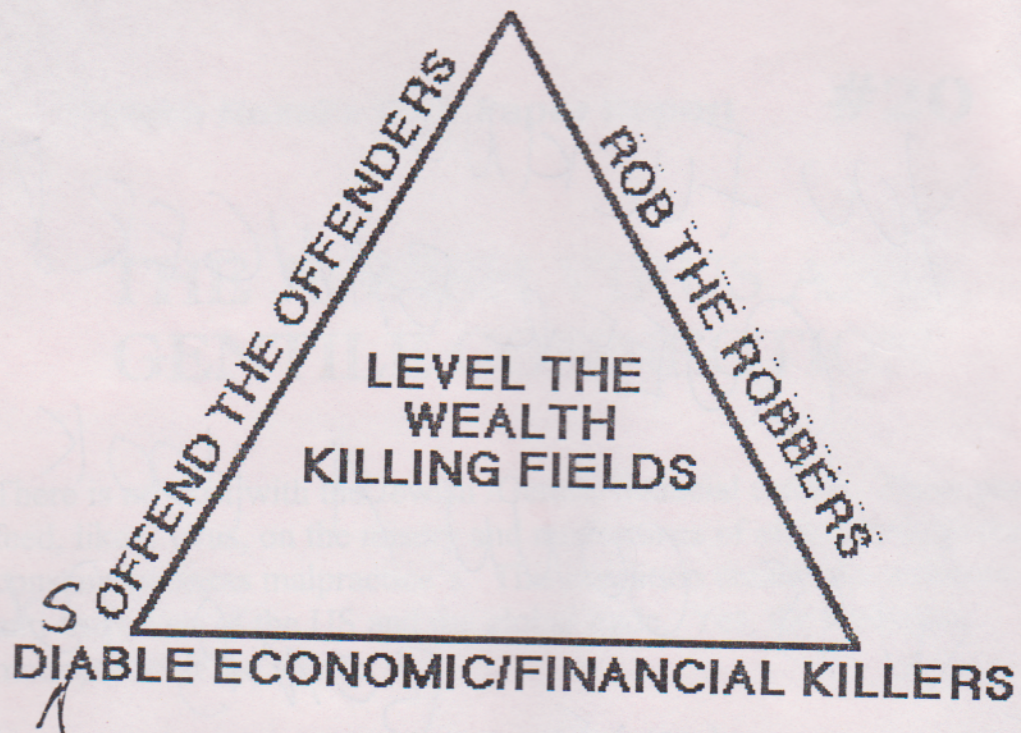

Patriotism means to stand by the country.

It does not mean to stand by the President or any other public official save exactly to the degree in which he himself stands by the country.

It is patriotic to support him insofar as he efficiently serves the country. It is unpatriotic not to oppose him to the exact extent that by inefficiency or otherwise he fails in his duty to stand by the country.

In either event, it is unpatriotic not to tell the truth-whether about the President or any one else-save in the rare cases where this would make known to the enemy information of military value which would otherwise be unknown to him.

Theodore Roosevelt

S
A Diabale Economical / Financial Killers

Yes, another triad for fairness and justice for all Americans, not just for a few wealthy misfits. After all; Life! It is all a matter of balance. This balance comes from the goodness of nature with all it's natural forces.

Preamble

The United States of America government with all of it's institutions rewards "Financial Treason" by allowing the Jewish and Gentile financial cartels to operate with deliberate deceptions.

The United States of America's Constitution makes treason the highest crimes against the American people.

The writer contends any form of treason must be eradicated, the damages and price is too high that America cannot afford and allow. Our National Debt is close to 9 Trillion Dollars is colossal and it kills the quality and the security of the livelihood of its people for years to come. See Statements of Treason.

The public enemies I, II, and III triggers most of our other problems in the United States of America; they are all interrelated.

V

THE JEWISH VIRUS AND GENTILE CONNECTION

- There is no trust with the Jewish /Gentile financial cartels. These people feed, like a virus, on the misery and misfortunes of others through their constant business malpractice's. This condition creates the violators of anti-trust laws of the US and the global trade. Yes, the Ferenghis, monopolies of the world.
- The Jewish and Gentile financial cartels are economical and financial blood-sucking people.
 1. On the Jewish side Henry Kissinger and Bill Gates are key players.
 2. On the Gentile side, Ronald Reagan, George Bush and Bill Clinton are the key players.
 3. Hundreds of thousands of so-called Americans fit this category depicted in items 1 and 2.
- A Jewish virus was implanted into the Muslim world by Harry S. Truman, the President of the US, who betrayed the Arab countries, the Palestinians and the American tax-payers.
- Jewish viruses need a host (cell) country, like America in order to survive. Like vampires they need innocent victims to feed from, the working class, the consumers and the taxpayer.
