

Ramky One North

A space which morphs into a personal sanctuary ...a heritage that unfolds into a modern delight...That's Ramky 1 North. The focus was to create a comfortable and sophisticated apartment enclave accommodating facilities provided for the convenience of the residents. Entry to the site is a promenade leads to a composite apartment with series of 3 blocks and an elegant club amidst. A connecting bridge spans between the 2 apartment blocks, abutting the club, to form a visual frame and enhance the grandeur of the edifice. Elaborate details are ensured to meet every requirement. A flight of steps form a grand entry to the individual blocks. The apartment caters to all the facilities of its units with large bedrooms and balconies for master bedroom, study room for selected units, kitchen utility etc. An uninterrupted pedestrian movement is achieved by the provision of parking in the stilt and basement, aided by ramps. A picturesque landscape concentric to the apartment forms the lung space. Each tower of 13 floors with over 800 apartments, Ramky 1 North offers premium 2 & 3 Bedroom apartments with well designed living and dining areas and a host of amenities.
