

Cutting Edge Robotic Urology & Medical Oncology

Rome, 23-24th June 2016

“REGINA ELENA” NATIONAL CANCER INSTITUTE

Chairs: Michele Gallucci & Inderbir Gill

European Faculty:

Manuela Schmidinger
Francesco Cognetti
Pierpaolo Graziotti
Richard Hautmann
Alberto Mandressi
Vincenzo Mirone
Francesco Montorsi
Giovanni Muto
Vito Pansadoro

Paolo Puppo
Mark Emberton
Arnulf Stenzl
Cora Sternberg
Joachim Thuroff
Manfred Wirth
Walter Artibani
Giuseppe Carrieri
Michele Gallucci

U.S. Faculty:

David Quinn
Mark Soloway
Monish Aron
William Catalona
Mihir Desai
Joel Sheinfeld
Inderbir Gill

“LIVE” Robotic Surgeries

Robotic Kidney

- IVC thrombectomy
- Off-Clamp Partial Nephrectomy

Robotic Bladder

- Radical cystectomy with high LND
- Intra-corporeal stapled VIP pouch
- Intra-corporeal sutured neobladder

Robotic Prostate

- Radical nerve-sparing prostatectomy
- Salvage radical prostatectomy
- Salvage RPLND + PLND for node-only positive recurrence

CUTTING-EDGE ROBOTIC UROLOGY & MEDICAL ONCOLOGY

23 – 24 June 2016 - Sala Convegni “Bastianelli” IFO – Rome

23 June - Day 1

08.15 Welcome
Michele Gallucci – Inderbir Gill

Bladder session (Walter Artibani - Giovanni Muto - Mark Soloway)

08.30 – 08.50 The “route” for perfect anatomical dissection during RC
Arnulf Stenzl

08.50 – 09.10 Ideal bladder substitution
Richard Hautmann

09.10 – 09.30 Continent cutaneous diversions: indications and contemporary role
Joachim Thuroff

09.30 – 13.00 Live surgery
1. RARC with intracorporeal stapled Padua Ileal Neobladder
Michele Gallucci
2. RARC with intracorporeal hand sewn Studer Neobladder
Mihir Desai

13.00-14.30 Pick up lunch

13.00 – 13.20 NACT for muscle invasive bladder cancer: shortcomings of platinum based treatments and the gap between guidelines and clinical practice
Cora Sternberg

13.20 – 13.50 Master-Class of Bladder Cancer
Mark Soloway

Prostate session (Pierpaolo Graziotti - Paolo Puppo - Giuseppe Carrieri)

13.50 – 14:10 Flogosis as therapeutic target in BPH: implications for prostate cancer
Cosimo De Nunzio

14.10 – 14.30 Targeting the index lesion: advanced imaging and focal ablation
Mark Emberton

14.30 – 14.50	Radical Prostatectomy in 2016: State of the art William Catalona
14.50 – 15.10	Salvage radical prostatectomy: indication and alternative options Manfred Wirth
15.10 – 15.30	Salvage lymph node dissection for recurrent PCa Francesco Montorsi
15.30 – 15.50	Master-Class: Medical treatment for advanced and metastatic PCa David Quinn
15.50 – 18.00	Live surgeries <ol style="list-style-type: none"> 1. Salvage RARP for radiorecurrent PCa Monish Aron 2. Focal HIFU Mark Emberton 3. Salvage RPLND for node-only positive recurrent prostate cancer Inderbir Gill

24 June - Day 2

Kidney and testis cancer session (Vito Pansadoro - Francesco Cognetti - Alberto Mandressi)

07.45 – 08.05	Heterogeneity of renal cell carcinoma: from basic research to therapeutic effects Fabio Calabrò
08.05 – 08.25	Master-Class: Medical treatment for metastatic kidney cancer Michele Milella
08.25-14.00	Live surgeries <ol style="list-style-type: none"> 1. Robotic Zero Ischemia Anatomical Partial Nephrectomy for hilar tumor Monish Aron 2. Robotic Off-clamp Partial Nephrectomy for totally endophytic tumor Michele Gallucci 3. Robotic radical nephrectomy & Level II-III IVC thrombectomy Inderbir Gill
12.30-14.00	Pick up lunch

Testis session (Arnulf Stenzl - Giovanni Muto - Mihir Desai)

- 14.00 – 14.20 Robotic nephrectomy with inferior vena cava thrombectomy: feasibility, results and future.
Inderbir Gill
- 14.20-14.40 Off-clamp PN: long term results
Michele Gallucci
- 14.40 – 15.10 Master-Class: Testis Cancer
Joel Sheinfeld
