

Prices for altering **Magic the Gathering** cards are based on the materials needed, the complexity of what is requested and the time it will take to complete the work.

The exact price for your piece/s will be confirmed before work begins; all pieces will require a **50% deposit** up front with the remaining 50% payable upon completion of the artwork (*all payments to be made via Paypal*).

You will likely be required to send your original card/s to be worked on. Completed cards will be sent back to you by 1<sup>st</sup> Class recorded delivery upon receipt of payment.

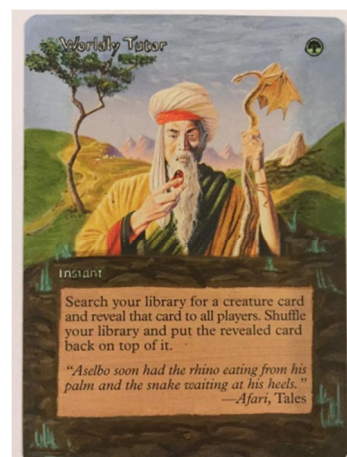

A postage charge of £2 for a single card and £3 for 2-4 cards will be made in addition to cost of the alteration. Postage costs for projects larger than 4 cards will be worked out when discussing the terms of the work with you.

As with all altered cards there is no guarantee that it will be tournament legal as this is down the discretion of the Judge/s at each tournament. If you have any special requirements or exact details in mind for your alter/s please make sure you communicate these fully before your commission is accepted and work has begun.

Once work has begun on your card your deposit is non-refundable as it covers my resources and time. However, in the unlikely event that I am unable to work on your card after accepting your commission then your deposit will be refunded to you.

My aim is to send your card/s back in the post within 7 days of receiving them; however as this is artwork timescales can vary especially if multiple cards are being altered in different ways. When accepting your commission I will give you an estimated timeframe and I will keep you updated should there be any changes concerning your commission.

If you have any questions please get in touch, and if I have done any alters for you I'd love for you to post pictures and tag my page in them for others to see!
