NEW MODELS EVERY MONTH

EACH SERIES MADE TO A CONSTANT SCALE

When you build an Airfix Construction Kit you are putting together detailed components to make an exact scale model. Each series in the Airfix range is to a constant scale. Model Railway enthusiasts will find that all the Aircraft Kits (except the Skyking series) and all the kits in the Guided Missile, Armoured Vehicles, Rolling Stock, 'OO' Scale Figures and Trackside series are just the right size for use with 'OO' and 'HO' gauge layouts.
