Raising money for Mencap

Where your money goes

Every pound raised will stay in Northern Ireland. The more money you raise, the more children and young people with a learning disability we can help to have a brighter future and live a fulfilling life.

£50	Could pay for someone to attend a training session to learn how to use the bus on their own for the first time, so they can be more independent and have the confidence to do more things, like find a job.	£100	Could pay for a Makaton language programme training session. This may be the only way some parents can communicate with their children and also the only way some children can understand their world.
£200	Could pay for a special day out at an activity centre for young people with a learning disability, helping to boost their confidence and learn new skills.	£500	Could provide a specialist one to one carer for 2 months, helping a young person with a learning disability to get the support that they really need.
£1000	Could help provide 2 months of music therapy for children with a learning disability - allowing them to learn in a fun, interactive and vibrant way; as well as giving them a chance to express their feelings and have a better understanding of the world around them through music.	£2000	Could help pay for equipment which fits with a child's specific needs, for example a specialist frame or chair. These items give children the chance to engage with classroom activities in a comfortable way!
