WHO WE ARE

Fifth Tee LLC is a social enterprise dedicated to fighting against animal homelessness. Each year, more than 2.7 million dogs and cats are euthanized due to a lack of spacing in animal shelters and sanctuaries. Fifth Tee LLC raises awareness to this issue and also supports shelters and charities financially.

WHAT WE DO

Fifth Tee LLC operates an online apparels distributor. 20% of all profits made from sales is donated to an animal shelter or charity. This way, every customer can rest easy knowing that their purchase helped an animal in need.

OUR MISSION

Fifth Tee envisions a world where every animal is given the love and care they need. The best way to achieve this goal to make sure animal shelters and sanctuaries are kept well fund. Thus, Fifth Tee wishes to grow large enough one day to support every single animal shelter in North America.

WHO DO WE BENEFIT?

The majority of our donations goes to Best Friends Animal Society (BFAS), the largest no-kill sanctuary in North America.

Best Friends Animal Society (BFAS) was founded in 1984 by a group of friends who shared the vision of a sanctuary for abused and abandoned animals. In its short 29 year life span, BFAS has grown into a juggernaut that spearheads the movement to prohibit the euthanizing of millions of dogs and cats residing within America's underfunded shelters. As of 2013, the number of animals killed in shelters have been reduced to 2.7 million per year (from over 13 million just 30 years ago) – in large part thanks to BFAS.
