

Bayta

Bayta carries the meaning of “house” in ancient Arabic and Hebrew. Our house offers a one-of-a kind sensory journey to sate the appetite of gourmets. Combining Mediterranean inspiration on the plates and well-sourced natural wines in the glass.

Bayta roots are to be found in the broad and diverse culture surrounding the Mediterranean Sea. Its products are sustainable, traceable or organic, fresh from the market and prepared on the day.

We want to share our passion. Every bit of it!

On the board, check out our weekly Chef menu available from 490.

And our wine pairing from 200.

Ask our team for more information.
