EXPERIENCE

Web Development Immersive; Spring 2016

General Assembly; Atlanta, GA

- Skills learned include: HTML5, Javascript, Ruby on Rails, MongoDB, ExpressJS, AngularJS and NodeJS
- **Projects:**
 - Tic-Tac-Toe - The Master's Edition is a HTML, CSS and Javascript application that recreates the classic game tic-tac-toe with a Master's theme. <http://william-holt.github.io/TicTacToeTheMasters/>
 - Trip 'N' Out is a travel planner and social networking application designed to connect users with their travel companions and discover new adventure. It was built with Ruby on Rails and it utilizes a PostgreSQL DB. <http://tripnout.herokuapp.com/>
 - Style.Up is a personal hairstyle tracking application focused on decreasing time spent styling hair and improving the quality of services provided by stylists through a streamlined personal history of styles. This app was created with MongoDB, ExpressJS, NodeJS and several APIs. <http://style-up.herokuapp.com/>
 - Longshot's Pairing Guide enables users to explore an interactive beer and food pairing visualizer and to favorite beers featured in the guide. It is a full stack MEAN application utilizing cityscape graph theory visualizer. <https://longshots-pairing-guide.herokuapp.com/>

Logistics and Distribution Intern; Summer 2015

RentGearHere.com; Santa Rosa Beach, FL

- Optimized daily delivery routes for multiple routes each containing 40-70 stops.
- Led small distribution team within the delivery region, spanning over 50 miles.

Public Relations Intern; Spring 2015

Opelika Main Street; Opelika, AL

- Social media content management and creation for multiple business pages on multiple networks.
- Special event planning and coordination.

Campus Director; 2011-2014

Bellhops; Auburn, AL

- Recruited and interviewed over 200 new applicants-and hired more than 70 new employees.
- Implemented marketing tactics through social media and traditional print sources.

EDUCATION

Auburn University; Auburn, AL

Bachelor of Arts, Public Relations, Fall 2015

- Minor in Psychology
- Major GPA: 3.0

General Assembly; Atlanta, GA

Web Development Immersive, Spring 2016

- The Web Development Immersive program at General Assembly is a 12-week full-time program that provides students with a firm foundation in the variety of skills needed to be a modern web developer. The program covers front-end and back-end development including languages such as HTML/CSS, Javascript, Ruby on Rails and the MEAN stack.
