

UNION DUKE TECHNICAL REQUIREMENTS

Union Duke does not provide their own front of house person.

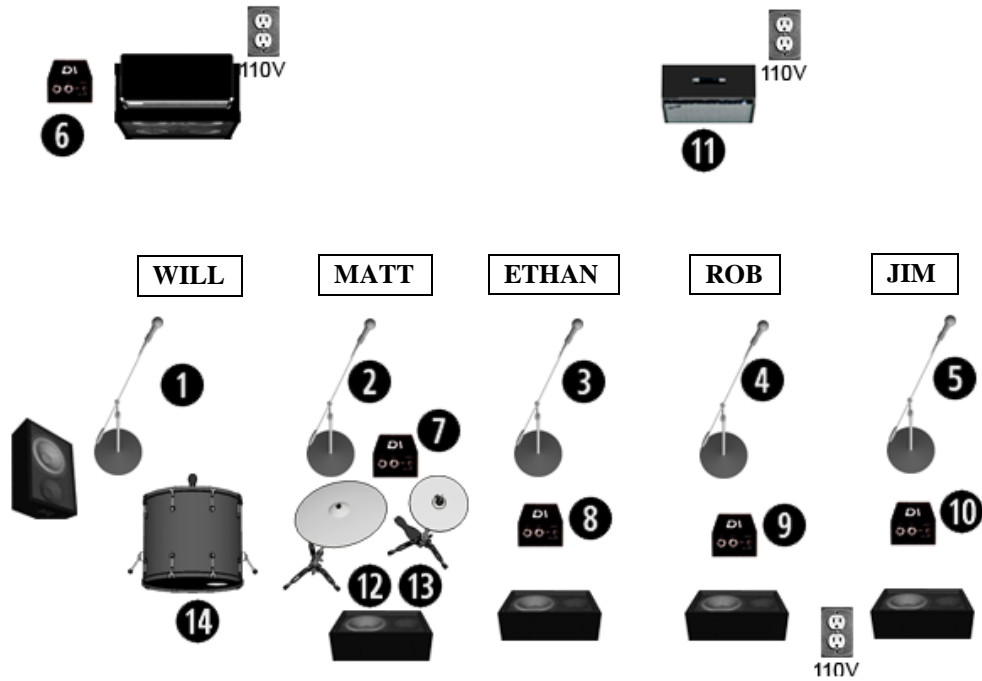

The venue must provide a sound system suitable for the venue and specific performance, including a mixer with sixteen (16) channels, five (5) monitors with separate monitor mixes and loudspeakers suitable for the venue.

Union Duke will supply their own guitar amp, bass amp, percussion gear and bass drum.

These requirements may be subject to change depending on the nature of the performance or specific venue needs. Please direct all questions to a band member.

Contact the band at unionduke@live.ca or call Ethan at 647 221 1102

STAGE PLOT

FRONT OF HOUSE

NOTES

- Mics 2, 3, and 4 should be set at roughly the same level, 1 and 5 should be slightly lower
- Ukulele and fiddle are used only on certain songs, but Union Duke will mute them from the stage when not in use
