

*****IMPORTANT*****

If you feel you were wrongly warned/kicked/banned, do not argue in game. Arguing with an admin in game WILL result in a 24 hour ban. If you or a friend wishes to dispute an action taken by an admin you have 2 options. In our forums you will find links to "User-Admin Abuse Reports" as well as a "Ban Appeals" section. If you need help or do not understand how to use these, please join TeamSpeak and an admin will help you.
