WHY?

Travel between Sweden & Finland and Finland & Estonia in a comfortable way. You can travel with or without a car.

Experience the Baltic Sea! Enjoy great culinary experiences in some of the many restaurants on board – a la carte, buffet or cafeteria style. Go shopping - on all the ships you will find shops with a wide variety of quality products with tax free prices. Entertainments are a big part of the cruise experience: live music, karaoke, casino, dance shows as well as playrooms and fun activities for the kids. After keeping yourself busy with all the entertainment, relax in the bubbles of a jacuzzi in the spa area. These cruise ships truly are like a small city at sea!

In Finland Tallink and Silja Line ships operate to and from Helsinki and Turku. Check more info about Helsinki and Turku at A Piece Of Finland.

From Helsinki it takes only two hours with Shuttle Star or Superstar to Tallinn. Tallinn is an excellent city for shopping, for beauty treatments or just for strolling around the city and Old Town.
