I would like to be a part of an organisation where I could use and enhance my knowledge along with talent for the development of both the organisation and myself, also help the globe while developing a sense of duty and responsibility.

Projects

Google Chrome Extension for Topic Summarization   **Team size: 4**
University of Pune   *Bachelor of Engineering*

A summarization system that extracts content from a blog such that it best represents topics discussed in the comments. Uses **Word Representative Measure** based on factors like reader authority, popularity of comment, topic clustering and named entity recognition.

Android Twitter Application   **Team size: 1**
Under Development   *Personal*

An Android Twitter application that will use Twitter REST APIs to let users gain followers, un-follow people that don't follow them, manage follow/following ratio, show inactive users etc.

Education

Savitribai Phule Pune University
Computer Engineering, First Class with Distinction   *2012–2016*

Technical and Personal skills

- **Programming Languages:** Proficient in: C, C++, Java, Python.
- **Operating System:** Windows, Linux.
- **Databases:** MySQL, MongoDB.

Seminar

- **Tor - Anonymity Network**
  Tor is free software and an open network that helps you defend against traffic analysis, a form of network surveillance that threatens personal freedom and privacy, confidential business activities and relationships, and state security. Tor protects you by bouncing your communications around a distributed network of relays run by volunteers all around the world.
