

July 14th, 2016

**Procedure for applicants for the Aquatic Ecosystems &
Environmental Management (AEEM) joint Master of Science
(MSc) program**

1. (Optional) Make sure you ask your last university to send official transcript by mail to BDU Registrar Office. In case you have not settled your cost sharing, attach temporary certificate of graduation. But, if you are selected for the fellowship, you must submit an official transcript; so make the necessary preparations for such eventuality.
2. Attach a copy of your **original degree** and **student copy**.
3. Complete the form by filling the necessary information.
4. **Submit complete documents to BDU Registrar, Peda Campus starting from August 5th, 2016 to August 15th, 2016.**
5. Prepare for a qualifying examination which will be given on the first week of Sept. 2016 (exact date will be posted later)
6. The top 20 applicants who score the highest marks will be eligible for an interview test which will be given the next day after the qualifying exam.
7. It is advised that you come to the interviews with supportive documents that indicate your work experience, additional trainings and certificates, and convincing arguments about why you want to join the AEEM program.
8. The top 5 recipients of the fellowships will be announced on the next day of the interview exam.
9. The top 5 successful applicants are required to clear from their respective institutions within 15 days and start the AEEM program immediately on Sept. 20th, 2016.

GOOD LUCK TO EVERYONE
