Chasing Trophy Fish was founded on the idea of making lures that mimic bait-fish by closely reproducing the actual fish patterns on all our lures. We used an extensive process to make lures look almost identical to the fish and swim like them too. They represent some of the most realistic lures on the market today.

In 1983, a Colorado River guide sought a simple way to keep his sunglasses out of the water. Through this innovative idea, the Chums original cotton retainer was born. More than 30 years later, Chums is now a global brand that offers a wide range of outdoor products. The Chums mantra is simple: provide fun, quality products to enjoy while in the outdoors. Chums: helping you hang on since 1983.
