TWO WAYS TO FLY

PAY-AS-YOU-FLY

A Wheels Up membership automatically gives you the ability to “pay-as-you-fly,” with no pre-purchase of hours required. Wheels Up members have access to the Wheels Up private fleet of King Air 350i and Citation Excel/XLS aircraft 365 days a year, with 300 days of guaranteed availability. You pay fixed hourly rates only for hours flown, with just 24 hours advance notice required for booking.

PRE-PURCHASE PROGRAMS

If you purchase hours or credit in advance, you gain access to additional guarantees on availability up to 365 days a year. Hour Programs can be purchased for the King Air 350i or the Citation Excel/XLS. Alternatively, you can purchase a dollar-denominated account credit that can be used for flight services on either aircraft. Both plans afford greater access, and other benefits that increase with the size of your upfront purchase.
