PAST PERFORMANCES

Imports & Exports

Silver Spring, MD 20910 | April 1, 2005

- We shipped food items in containers and bags to Asian countries like India and China. This work is done every two weeks. We go to factories in Chicago with flatbed trucks and load the containers on the trucks. We take them to the port at the great lakes and export them obtaining the necessary documents like the BILL OF LADEN.

Ocean Marine Shipping Inc.

Silver Spring, Maryland | February 2, 2007

- We export goods and cars to West Africa at the port of Tema, Ghana and Togo. These goods are personal effects that the embassy staff returning back to their countries carry. We have workers who go to the homes of these diplomats. They carefully wrap the personal effects with special wrap papers and place them in boxes. The boxes are placed in containers which are taken to the port of Baltimore. We ship them through our shipping agents. Bill of lading are obtained and are given to the customer for collection at the destinations. At times we have trucks and articulators in Ghana and in Nigeria to off load the personal effects and to transport them to the homes of the diplomats.
