# Bachelor of Arts in the Liberal Arts

Campion's Bachelor of Arts in the Liberal Arts represents a different approach to education — an approach focused not merely on job training but on teaching students to think critically, write persuasively, and communicate effectively: skills for life. University graduates can expect to change careers, on average, once every five years. Where most specialised degrees prepare students for only their first job, a Liberal Arts education equips them to move into and succeed in their third, fourth, and fifth jobs.

Campion offers an integrated core curriculum. This means that, for their first two years, all students take the same courses together as a community. What they study in History links with the concepts they learn in Philosophy, which connect with their readings in Literature and their lessons in Theology. This approach helps students make sense of the relationships between distinct fields and topics.

A Campion education enables students to view the world in living colour. It helps open their eyes to appreciate beauty, art, music, friendship, and service. The Liberal Arts at Campion aim to foster creativity, discernment, integrity, healthy relationships, and joy — in short, full human flourishing.

## Diploma of Classical Languages

The Diploma of Classical Languages complements the Bachelor of Arts in the Liberal Arts. Students who enrol in the course will be able to learn the languages in which the Western Tradition was originally articulated and expressed, and thus access the texts in their original language, free from the interpretations of translation.

# Student Life!

THE COLLEGE EXPERIENCE  
WHERE THE ADVENTURE  
TAKES PLACE.

Beach and mountain trips. Soccer competitions. Student art shows. Formal dinners. Fencing. Human chess. Catechesis. Swing dancing. Rowing club. Volleyball tournaments. Student retreats. Basketball. Gyming. Debating society. Reading groups. Poetry and creative writing. Spring balls. Outdoor films. Pool. Classical Olympics. Bushwalks. Bonfires. Camping. Jam sessions. Talent nights. Long conversations with like-minded people. Friends and staff who support you in learning, leadership, initiative and creative expression - beyond the classroom. This is only a small portion of what Campion offers its students. Our small community ensures that life is full, rich and vibrant. The bonds you form here will affect you long after graduation. Get involved in Campion's student life and see what it can offer you!
