

MitOst pre-festival tour in Armenia

This year Tbilisi (Georgia) is hosting festival and giving you a chance to experience caucasian hospitality. We have decided to broaden the caucasian experience of the festival and invite you to a three-day pre-festival tour of discovering Armenia organized by the [EcoLab](#) team.

During the pre-festival tour we plan to organise meetings (e.g. [Impact Hub Yerevan](#)) visits ([EcoLab Boo Alt training center](#)) and tours in several sights of Armenia. In order to arrange the stay, the movement of the participants during the pre-festival in Armenia in a smoothest way and taking into consideration the limited space, facilities and budget for organising the pre-festival tour, we foresee a maximum number of not more than 30 visitors (who are interested and willing to contribute to the success of the event).

Please note, the participation in pre-festival tour in Armenia will be on a **first come, first serve basis**, please submit your complete online application as soon as possible.

The link to the online application: <https://goo.gl/forms/PI0KLpKeyt62Gh4m2>
