

Gigi & Friends!

Girls Who Just Love
To Gossip...

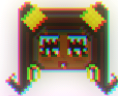

Characters:

Annie Lavish better known as the Vo-Doh-Oh-De-Oh Girl, is a self centered red head, who is envious of Gigi. She has a lot of time on her hands. She won a local contest by cheating but nothing came of it. So she joined Gigi's Burlesque Theatre. Ann states that she is 18 years old, but her demeanour suggests otherwise. She speaks and sings with a high pitched baby Brooklynese accent and is Jewish. She is known to get annoyed very easily and hates children with a passion. She loves the color Red. Her favourite food is Pasta. She loves to throw digs at Gigi, to no avail. When dished by Gigi, the insults just bounce off her, as if she were a brick wall.

Ann Lavish

Cocoa

Cocoa is a hip cool space chick. Originally she wasn't down with the whole Burlesque scene until her BFF Lemon taught her that it was a form of art. She is 20 years of age and is Blasian, half black and half Korean. Cocoa is sassy and kinda rough. She loves to start up a good fight over nothing. Ann Lavish, often gets on Cocoa's nerves with her rude comments. Cocoa's response is usually a good ol' beat down. But since joining Gigi's group she has been forced to stop attacking people. Cocoa once did time for beating Ann Lavish to a pulp. Cocoa is 20 years old, her favourite color is Gold. She loves to do her nails, and is an expert with hair. She often changes her hair color, but has since toned it down. Her favourite food is Fried Chicken and Noodles. She often uses the word "GIRL" in her sentence.

Gigi is best known as the Personality Girl she runs her very own Burlesque Theatre. She started off as a duo with her friend Lemon. Gigi is a diva and is known to have quite the temper and is a little on the antisocial side. Gigi is of Japanese descent. Her Japanese mother Pepa (Pepper) went on to elope to France with her Jewish lover and later gave birth to a lovely baby girl, that girl was Gigi. Gigi's parents later moved to America and continuously moved back and forth from France to Japan to America. Gigi is 19 years old and loves the finer things in life, she also loves to shop till she drops. She loves the colors Purple, Black & Orange, and sometimes Pink. Her favourite drink is Ice Tea & Red Wine. She often sings and struts her stuff on stage, as a sort of sex symbol. She can often be heard performing Button Up Your Overcoat. She loves her father's credit card, and often calls her father "DADDY WADDY" as in wads of cash. She has made her own money, as a business woman. So she does not always need to depend on her dad.

Gigi

Lemon

Lemon Li is, a 18 year old carefree girl...a little on the naïve side. She is often the butt of jokes. She is Chinese and loves to cook and do Kung-Fu in her spare time. She loves modern music. She's also a summer time girl. Her world lights up when she walks into a room. She can be quite annoying at times.

She also makes her own clothes. She is hated by Gigi's family, mostly by Gigi's mother who sees Lemon as a threat and major annoyance. Lemon used to have black hair but dyed it blonde, so she'd stand out. She loves wearing bows in her hair and has one for every day of the week. She even makes her own in her spare time. She has often been bullied but learned to stand up for herself. She brands her bullies "BUTT-WIPES!" but at heart Lemon is still a very sensitive kind of person, who can easily be lead to tears. She also has a thing for the ladies, and swings both ways. She often hits on Gigi, which annoys Gigi. Lemon's favourite colors are White, Blue, Red & Yellow. Her favourite food has to be Sweet & Sour. She can be very hyper at times, often annoying others around her.
