

MIXED-REALITY SESSIONS ANNOUNCED

Trimble's Mixed-Reality Pilot Program provides visionary Architecture, Engineering, Construction and Operations (AECO) companies an opportunity to experience how mixed-reality technology can transform the way they work.

Learn more about these technologies and the customers using them at this year's Trimble Dimensions 2016.

Following are just a few of the many [mixed-reality sessions](#) to choose from:

- Mixed Reality Theory & Practice [[BLDG-90134](#)]
- Customer Panel - Mixed Reality for the AECO [[BLDG-91525](#)]
- Leveraging the Mixed Reality for Design Collaboration and Review [[BLDG-91574](#)]
- Mixed Reality for MEP: Real and Virtual Worlds in Your Future Project [[BCMPEP-95300](#)]
- Mixing it up in the Building Digital Workplace: New Technology Tools for Real Estate and Facility Management [[BCREWS-88258](#)]
- Augmented and Virtual Reality Viewers for SketchUp [[BCA-93913](#)]
- Mixed Reality – the Real Opportunity in Construction [[BCS-92283](#)]
- Augmented Reality Inspection Applications in Construction [[CEC-89780](#)]

Be sure to check out the mixed-reality demonstrations on the expo floor.
