

THE 3RD NEXT GENERATION GLOBAL HEALTH FORUM

BUILDING BRIDGES IN GLOBAL HEALTH

WELCOME PACKAGE

Welcome to Barcelona, Spain for the 3rd Next Generation Global Health Forum that will take place from September 30th to October 1st. This year's event focus will be on the role of the next generation of professionals in improving Innovation, Communication and Training in Global Health.

"We believe in building bridges for a better understanding and realization of the myriad of approaches to address global health issues. We look forward to seeing you at the Forum and hope you will have an inspiring and memorable experience!"

Recap and discussion of the workshops’ outcomes

** 20:00 Informal evening social meet-up in Barcelona.*

PROGRAM DAY 2: SATURDAY OCT 1ST

PANEL DISCUSSION I: THE AFTERMATH OF VIOLENT CONFLICTS AND THE ISSUE OF REFUGE

09:30 – 10.30

The number of refugees flocking to other countries has been increasing annually, especially in the past years due to continuous violent conflicts. Immigrants and refugees require health insurance coverage and pose new challenges to healthcare systems. This session will focus on addressing social and cultural concerns imposed by migration on care provision and universal health coverage .

PANEL DISCUSSION II: E-HEALTH, HEALTH INFORMATION TECHNOLOGY AND INNOVATION

10:30 – 11:30

E-health and innovative medical devices have the potential to improve well-being and health among many people. This session highlights the importance of new and inventive tools in the health care sector. Points for discussion will be the availability in low resource settings or the sustainability of e-health projects.

COFFEE BREAK

11:30 - 12:00

NETWORKING ACTIVITIES

12:00 - 13:30
