

FLOORTEX
solutions

Protects expensive floors & carpets from the scratches, wear, rips & tears that can be caused by Christmas Tree stands & planters

CHRISTMAS TREE MATS FROM THE EXPERTS IN FLOOR PROTECTION

Made from Floortex Original Polycarbonate - as used in the manufacture of bullet proof glass and aircraft windshields!

The ultimate in strength and durability.

Huge Additional Sales Opportunity.
You sell, we deliver for you.
No stock holding required.
Full Marketing Support Provided Free.

- Artificial tree stands will cause indentations in carpets and scratches on hard floors.
- Real tree planters will leave indentations or scratches and could leak water on to flooring.
- Dropped pine needles will get trodden in to carpet fibres.

Original Floortex Polycarbonate Christmas Tree Mats provide the ultimate protection while allowing the beauty of your flooring to shine through.

- Guaranteed not to react with varnished or lacquered wood floors.

Available in 24" or 36" diameter.
