## Objective:

I am seeking employment with a company where I can use stretch my talents and skills and learn every day, with hopes of becoming a valuable asset to my team. I wish to find a place where I am stimulated and challenged daily. My main objective is to learn as many things as I can.

## Profile:

I am a strong, dependable individual with excellent people skills and the ability to work self-sufficiently if necessary. As a computer science major, I am practiced at learning new content daily, and have the ability to grasp complex ideas and concepts. I am always motivated to learn new things in order to grow as an individual in my field. I thrive while working in a team, and have many leadership experiences. While I do not have a wealth of professional working experience, I am a very sociable, intelligent, reliable, and hardworking individual who can converse and relate to anyone. I am an accomplished pianist and have been playing for most of my life. My dedication to this challenging discipline has been integral to my working life and has driven me to strive for success in whatever field I am occupying at the present.

## Working Skills and Experience

- ♦ Experience in Java, C++, Ruby on rails, SQL, Security, Networks, Hardware, Visualization and Graphic Design, Game design, Application development, and Website design.
- ♦ Piano Performance
- ♦ Confident Public Speaker, and Teacher
- ♦ Data Entry at Medical Office
