**SunRidge at Desert Springs Holds
Ribbon Cutting for New Miniature Golf Course for Residents**

El Paso, TX—November 2016: Whether you call it “mini-golf,” “putt-putt” or “miniature golf,” it’s an activity with mental, physical and social benefits. So says the *Wall Street Journal*, in an article where researchers asserted that golf is such an enjoyable game to so many, that even when significant memory is lost in the later stages of Alzheimer’s, the ability to remember playing golf is not. With that in mind, the memory care experts at SunRidge at Desert Springs have installed a five-hole, miniature golf course for residents, families and guests to enjoy. SunRidge at Desert Springs is a dedicated memory care community at 5901 Bandolero Drive in El Paso.

Febe Levy, Regional Marketing Director stated, “We are thrilled to make this available to our residents. Mini-golf is relaxing, challenging and enjoyable for all ages and skill levels. Merging the elements of fresh air and sunshine with the additional benefits of exercise and socialization creates a winning recipe for overall health.” She added that a ribbon cutting ceremony is planned for Wednesday, November 16, at 2:30 p.m. “November is also National Alzheimer’s Awareness Month and El Paso community leaders as well as the entire community are invited to join in the festivities. Golf pros from Coronado Country Club will also be there to provide a few golfing tips.”
