High experience Corporate Training by Corporate Trainer Mitesh Khatri

Organizations are growing rapidly, we have big vision and big goals to achieve. To achieve ambitious goals it is very important to strengthen the human resources with proper corporate training programs, learning and development techniques. In this highly competitive era, companies are utilizing their resources in most productive manner with the help of experienced corporate trainer Mitesh Khatri.

Leadership Trainer, 'Mitesh Khatri' is the renowned personality in corporate training industry. He who works with great transparency, honesty and integrity. His outstanding knowledge, high energy training methodology and motivational skills brings measurable results to clients.

Fire walk Training

Fire walk & Glass walk Training for Piramal Health Care:

The Goal:

The goal was to create very high energy and confidence for more than 3500 sales executives. They needed complete belief in their ambitious targets. Through Fire walk (and Glass Walk Training next year) by Mitesh Khatri, we achieved this goal, at the end of the training employees could believe that they can achieve everything in their life.

The Problem:

Team was not prepared for the ambitious targets.

Our Solution:

True Care unit is one of biggest verticals of Piramal health care, they had set very high targets for their team for FY 2009-10. During their yearly meet they had called us to create belief in team for new targets. With the help of power talk and experiential activity FireWalk we motivated the sales team of 3000+ and made them believe that the targets are achievable.

Leadership Training

Leadership Training – Practical & Easy to Implement

Pune based Leadership Trainer Mitesh Khatri delivers one of India's most practical Leadership Development Training focusing on all 3 Levels. Self Leadership training, People Leadership training and Business Leadership training. Each level helps individuals and organizations achieve extraordinary results in their personal and professional life both.

Here is a brief of what is covered in each of these 3 levels of leadership:

Level 1 Self Leadership Training – Only a person with a strong Self Esteem can be a strong leader thus we call Level 1 as the foundation of leadership. This is where we help your employees become great leaders with qualities like Accountability, Ownership, Integrity, Responsibility Self Motivation, Self Belief, Leadership Values, Emotional Intelligence and Personal Productivity. This is the baseline of Leadership Development Program.

Participants completing the Level 1 – Self Leadership Training, will instantly become great assets for your organization. The best part is that employees will not work like employees anymore, they will work like Entrepreneurs having a strong sense of Ownership towards their organization. Once this level is complete your leaders are now ready to transform to the next level...

Level 2 People Leadership Training – This is the 2nd Level required for Team Leaders, Middle Managers, Senior Managers and Top Management positions who constantly need to lead and inspire people in their team. This is where we equip leaders with extraordinary People management Skills, Performance management Skills, Different Leadership Styles, Feedback Skills, Trust Building, Influencing Skills and even Training Skills to develop great leaders in their teams.

Participants completing the Level 2 – People Leadership Training will instantly start getting positive feedback from their team members, they will be able to increase performance in their teams, manage conflicts like experts, give feedback in a way that inspires people and best of all influence team members to achieve unimaginable results. As leaders grow from this level they move towards transforming to the 3rd level...

Level 3 Business Leadership Training – This is highest level of leadership required for Senior Managers and Top Management who are responsible for increasing business profits for the organization. This is where we equip leaders with qualities like Visioning & Missioning, Strategic Decision Making, Process & Systems Management, Productivity for Profits Management and Innovation Skills.

Participants completing the Level 3 – Business Leadership Training will be able to think big, bigger than ever before and strategically take their organization to great heights. The best part is that all our leadership trainings are custom designed to meet the exact needs of your organization and your leaders.
