Küryakyn has been in the business of improving and beautifying motorcycles since before many of today's riders "ran 'er through the gears" for the first time. Unlike a large segment of the industry, we've learned that the bandwagon usually doesn't lead the parade. Everywhere throughout this site you'll see examples of fresh Küryakyn innovation; well thought out parts that work, fit, and most of all, look great! We'll leave the "me too" items to someone else. Each Küryakyn accessory is intended to look fantastic by itself, but is usually a member of group of parts that combine to create a "look". This allows each rider to add accessories a couple at a time, or go for the full complement all at once, without the end result looking like an arbitrary hodgepodge of parts that can leave you wondering if they were all supposed to go on the same bike. If you desire additional information, or have questions, we welcome your call or letter. Our well trained sales staff and technical department will be glad to assist you.

At Küryakyn, ideas are born from a passion for motorcycles that spans 145 years of combined experience and active participation in the sport. Our ideas are products of creative minds that realize a motorcycle isn't simply a means of transportation, but rather a representation of a person's very identity.

At Küryakyn we believe innovation is manufactured at the intersection of Performance and Style.

The most robust, versatile and highest quality device mount ever built

The RAM X-Grip® line features a four leg design that offers impressive holding power without hiding your device behind foam pads and plastic. Simple to open and close, the spring loaded X-Grip® leaves the outside edge of your device almost completely free of annoying obstructions. Soft rubber fingers apply just enough force to keep your device in safe and secure. The perfect complement to the modern sleek interior of today's vehicles, the RAM X-Grip® is the device holder evolved.

X-Grip® Holder Dimensions

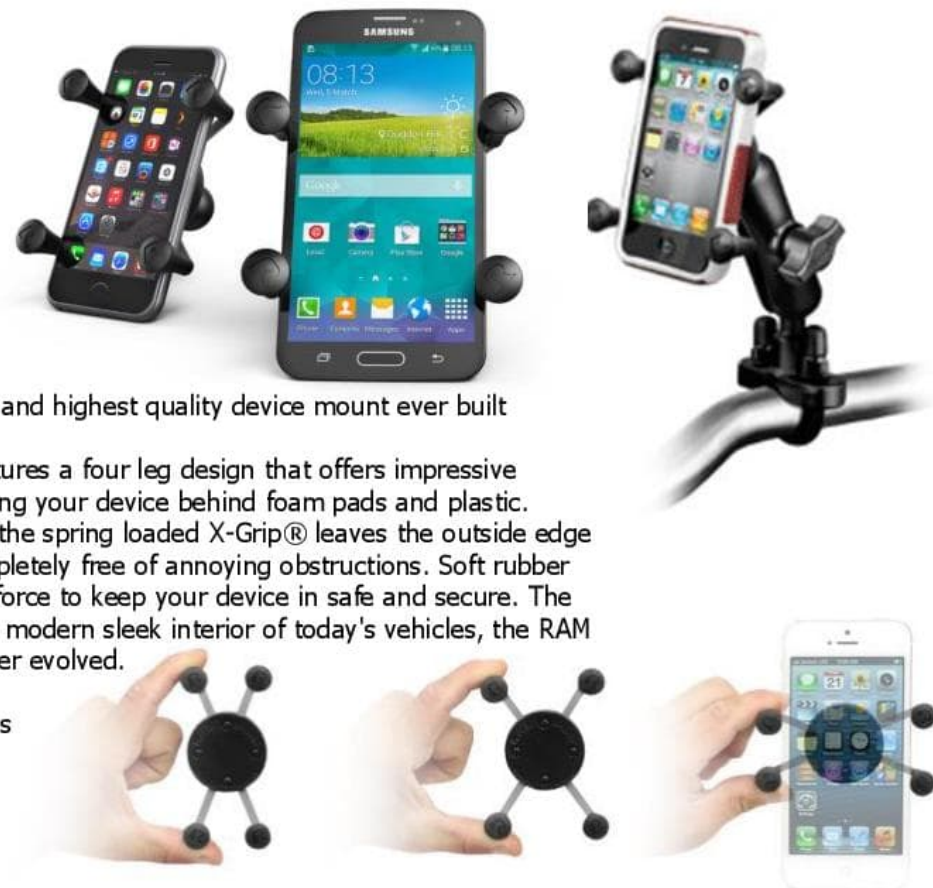

Minimum Width = 1.875"
Maximum Width = 3.25"
Depth = 0.875"

**APK04RM53101
HOLDER, UNIVERSAL**

Price 2,492.00THB

X-Grip® Features

- * Rustproof
- * High strength composite and stainless steel construction
- * Spring loaded holder expands and contracts for perfect fit of your device
- * Rubber coated tips will hold device firm and stable
- * Versatility of holder allows for attachment to many RAM ball mounts
- * Lifetime warranty
- * Made in U.S.A.

APGRIPLOCKZA RED
APGRIPLOCKZB Black
APGRIPLOCKZC Yellow
Grip lock Brake
Price 2,384.00 thb

Grip-Lock is the smarter way of protecting your motorcycle from theft. It is mounted right at the handlebar and locks both throttle grip and brake lever. Applying and removing the Grip-Lock takes less than 10 seconds – a solution so quick, you will use it every time.
Clean and Effective Motorcycle Security
 Grip-Lock is cleaner and easier to use than cumbersome and dirty chains and disk locks.

Every Grip-Lock contains four hardened steel cores for maximum protection. The reinforced nylon casing protects the Grip-Lock from corrosion.

Light and Compact

With a weight of only 11.6 oz (330 g) and a compact size of 6 x 1.8 x 2 inches (15 x 4.5 x 5 cm), Grip-Lock fits into every motorcycle glove box.
