The diagram is set on a grid with dashed horizontal and vertical lines. A solid black curve starts at the left edge, rises to a peak, and then descends towards the bottom right corner. A small, lens-shaped region is located near the top left, bounded by two curved lines. The word "center" is written inside this region.

Face
-GREEN-
x1

- 1/4" seam allowance on all pieces except
YELLOW mouth piece (1/2")

- Buy one square of RED craft felt to use for the mouth
It is the exact length needed for the RED mouth part.
Just trim to taste after sewing it between
the YELLOW mouth and GREEN face.

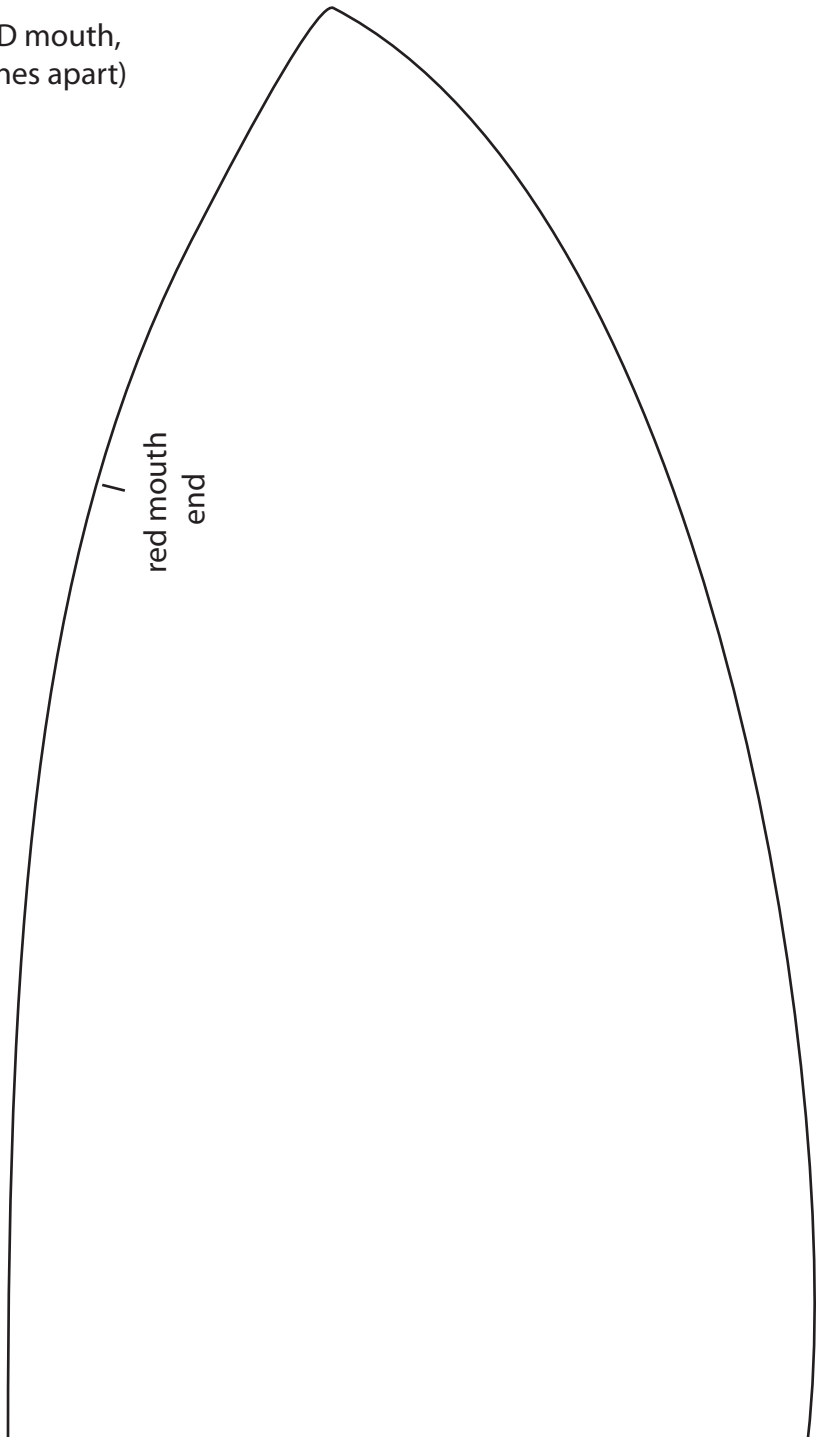

- Knot the embroidery floss INSIDE the frog where marked,
then run both lines out at the bottom of the YELLOW mouth,
where it meets the GREEN belly. Pull lines tight and
knot them together. This creates the signature
dimple and also pulls in the eyes.

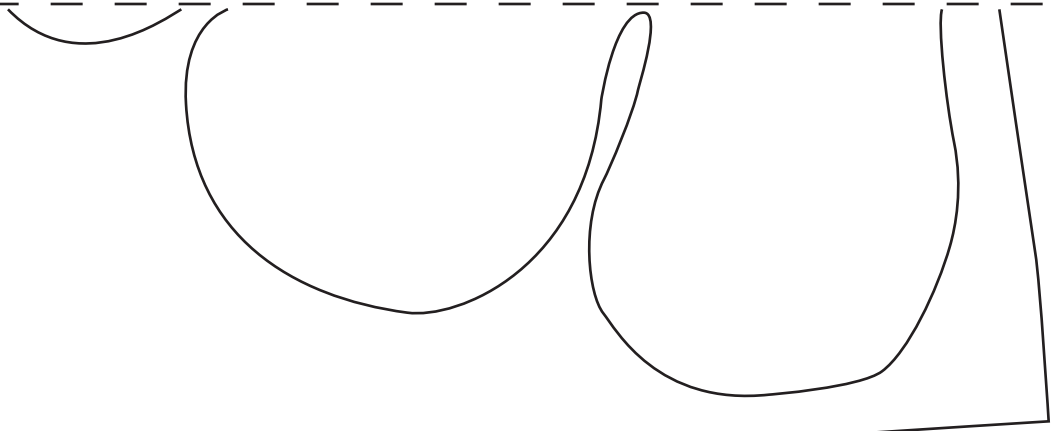

- WHITE embroidery floss -

- Nostrils go halfway between the eyes and RED mouth,
centered on the frog itself (roughly 1.5 to 2 inches apart)
