ROSES ARE RED...

...WELL, SOMETIMES

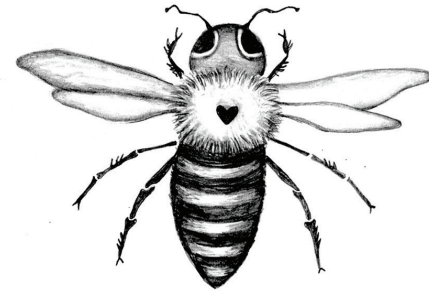

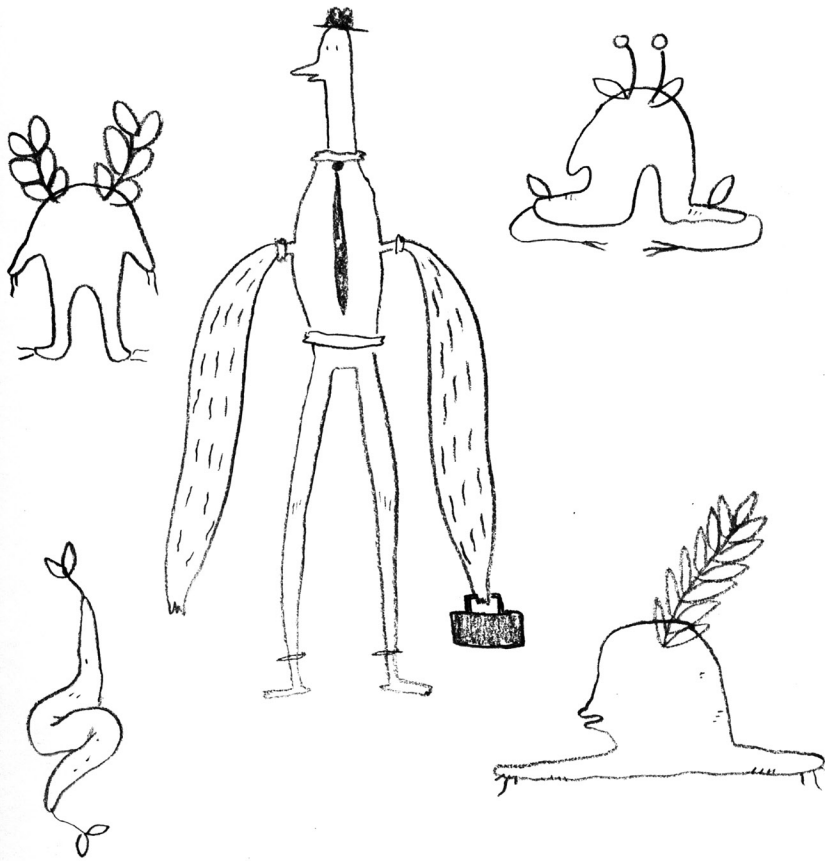

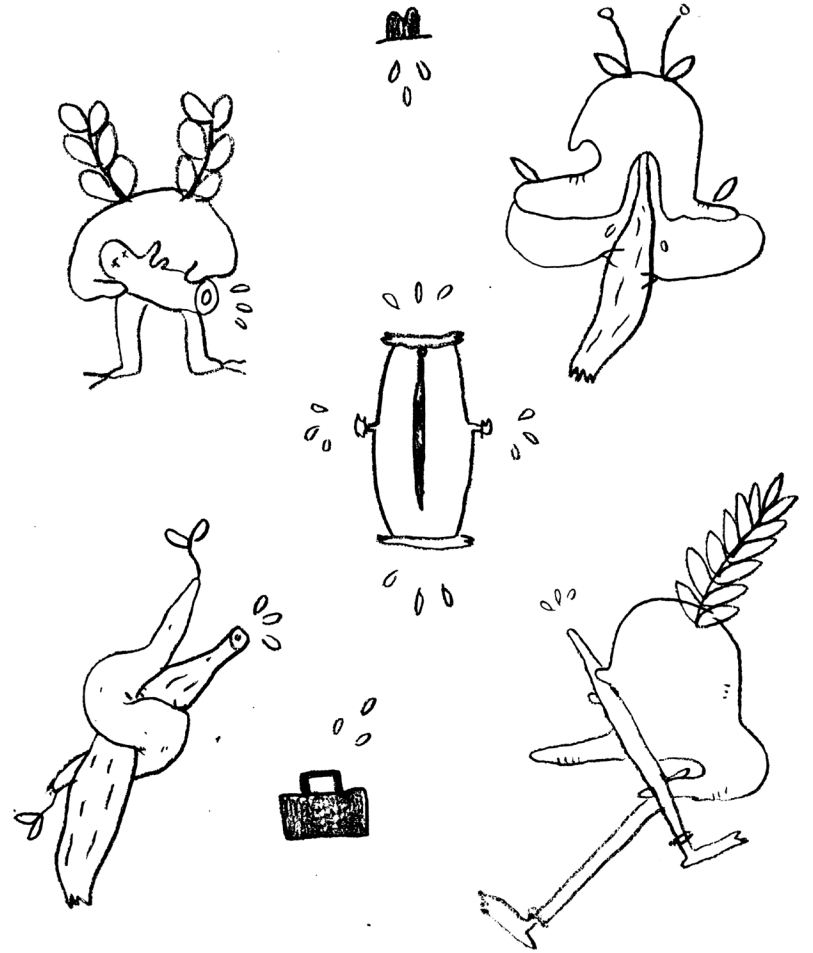

hello, please  
stop over-  
watering me. i  
am not thirsty &  
at this point, you  
are just fucking drowning  
me in your love and  
that's cute & all,  
but please, for the  
love of god,  
leave  
me  
alone.

is that they need to be bees because flowers & trees and we need to let them be bees because all of the bees are bees and the thing about bees

# ***Who We Are***

**You may be wondering what this papery compilation you're holding is. Hooplah is a UW–Stout student created and curated zine comprised of individuals passionate about illustrations, comics, and design.**

**Found with the intention of sharing our love, we strive to promote awareness of the talented artistic community here at Stout. Thank you for checking out this collection of delectable designer gold.**

**I love you.**
