About Us:

Hooplah Zine was founded in 2015 by Stout kids.

These kids liked art made at UW-Stout, and so they set out to create a platform where other kids could share their work.

These publications aim to incorporate people from every corner of our creative community, from designers to poets, illustrators to photographers.

We hope you have enjoyed this month's issue, and we hope you'll enjoy next month's as well.

We are grateful for your support, and we are lucky to be part of this community.

Zines are tight.
