

## Us Faggots Kill Fascists

We are faggots and we kill fascists, and tonight's the night we're gonna kill the last of the fucking fascists in this fucking town.

Each: "My name is \_\_\_\_\_ and I kill fascists with my faggot \_\_\_\_\_."

All: Our fascist-killing faggot gang is called: "\_\_\_\_\_"

Who got fucked last? You're first. Roll 1d6, that's how many fascists you kill. Then tell us how you kill them and be specific. We can kill as many as we want.

Have we killed them all yet? Have we smashed in the brains of the fucking last fascist to ever drip off a dick or sign into fucking 4chan? (y/n)

If yes: Let's get drunk and fuck.

If no: 1d4

1	We gang up on the last fascist, his name is "Donald."
2	Now we've all got switchblades and roller skates, let's go kill the rest of 'em.
3	The killed fascists are rising from the dead, just like their rotting corpse of an ideology.
4	Let's fuck anyway.
