COMMUNITY EDUCATION

2

A woman in a black suit stands on the left, holding a microphone and presenting to an audience. A large projector screen behind her displays a presentation with the title 'UNLOCAL COLLABORATES' and a list of partners. A television mounted on the wall shows a website. The room has large windows on the right and a drop ceiling with fluorescent lights.

UNLOCAL COLLABORATES

with like-minded grassroots organizations serving New York City's immigrant communities. These organizations provide a variety of critical community-based services such as English language classes, workplace abuse trainings, and arts education. UnLocal partners with these organizations to amplify their capacity by providing immigration law presentations, legal consultations, legal referrals and representation. These organizations include high schools, workplaces, churches, member-based cooperatives, educational consortiums and other community providers.

COLLEGE ACCESS PROGRAM

Currently, only 7% of undocumented high school graduates attend college nationally

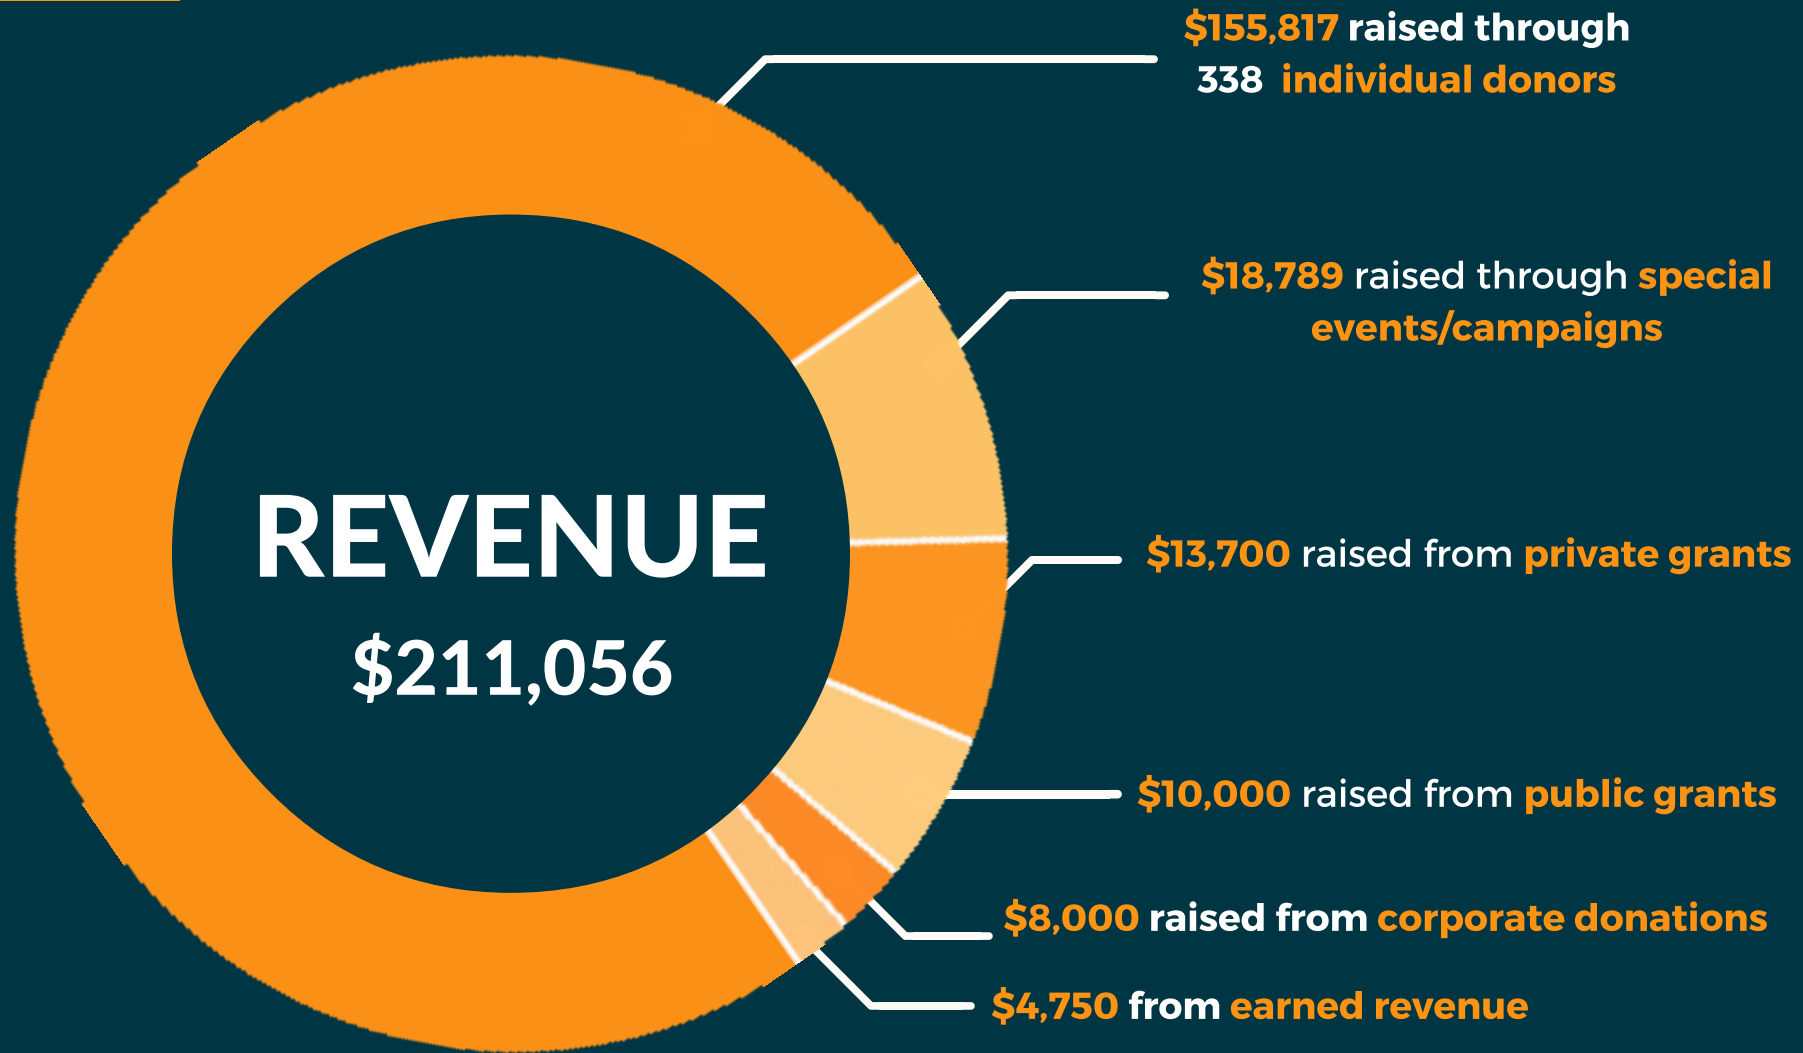

The College Access Program (CAP) provides essential resources for undocumented high school students and high school staff in order to maximize access to a quality and affordable college education. The program envisions many levels of support for students, families, teachers and guidance staff both with the college process and legal representation. There have been more than 200 attendees at CAP events to date.

LOOKING AHEAD

LOOKING AHEAD: DACA & IMMIGRATION REFORM

DACA & IMMIGRATION REFORM

In the event that DACA is revoked, UnLocal staff and attorneys will continue to collaborate with DACA recipients and allies to secure other immigration benefits in the fight against threats of deportation

We will continue to fight for comprehensive immigration reform, and push back against regressive change that threatens to divide our communities.

LOOKING AHEAD: EDUCATIONAL OUTREACH

2016 - 2017 SCHOOL YEAR

UnLocal expects to collaborate with at least **15** different high schools. UnLocal is currently working with the Internationals Network for Public Schools, the New York City Department of Education, and college access partners to expand the project. UnLocal staff and its volunteers are expected to impact **400+** students through the partnerships with these **15** schools and **25** guidance counselors.

COLLEGE ACCESS PROGRAM

In 2017, UnLocal staff will work with guidance counselors, students and families on how to apply and finance college as an undocumented student or a student from a mixed immigration status family. The project involves presentations to guidance counselors and other support staff at high schools.

LOOKING AHEAD: FOLLOWING THE ELECTION

UnLocal's mission to provide legal representation, consultations and community education for immigrants has become more important than ever before. The impending administration, and likely accompanying legislation, poses a significant threat to immigrants who are seeking legal status and remaining in the United States with their loved ones.

We are looking to expand our capacity in 2017, and will work to ensure that New York City remains a welcoming place for any and all Americans.

TANIA ROMERO

**SCHOOL SOCIAL WORKER, FLUSHING
INTERNATIONAL HIGH SCHOOL, QUEENS, NY**

"UnLocal's commitment to the immigrant community is so critical and necessary during times of so much anti-immigrant sentiment. I am grateful to have a trustworthy organization like them to always reach out to during times of need."

OUR IMPACT

ARACELIS LUCERO

**EXECUTIVE DIRECTOR,
MASA, SOUTH BRONX, NY**

"UnLocal has partnered with MASA to deliver valuable information to the Latino and Mexican Spanish-speaking immigrant community, helping to prevent families from falling victim to unscrupulous notaries and private attorneys who take advantage of the hopes and dreams of undocumented immigrants."

OUR IMPACT

SILVIA JULIANA MANTILLA ORTIZ

IMI CORONA COMMUNITY ORGANIZER,
QUEENS MUSEUM, CORONA, NY

"UnLocal is deeply committed to the struggles of our community and has constantly been responsive to our needs as a small grassroots organization. Beyond the deep legal knowledge and care that UnLocal brings, they truly understand and support the vision for immigrants to be creators and thinkers."
