

IMPORTANT!

Place a credit card in this box to make sure your print-out is the correct size. If it is not the correct size, check your printer settings to make sure the “Fit to Page” box is NOT checked.

To use the ruler guide: line a ruler up with the ruler provided
To use the coin guide: place a penny over the coin guide.

If any item you use does not line up, please check your printer settings and uncheck “Fit to Page”

Before You Start:

Check your printer settings to be sure “Fit to Page” is NOT checked.

Once the chart is printed, use the Credit card, coin guide, or Ruler sizing tool to the right to ensure your chart is the right size.

Easy steps to find your Shoe Size

1. Print our the sizing chart.
2. Place the chart on the floor
3. Place your barefoot on the chart, heel against the edge of the shoe sole template and look for the nearest size.
