Rand Internet Marketing Proud to Announce 2016 Web Design Scholarship Winner

South Florida-Based Web Design, Development and Internet Marketing Firm Awards $1,000 to UCLA

FORT LAUDERDALE, F.L. (Date) – Rand Internet Marketing is proud to announce Doroty Sanussi as the winner of this year's Rand Marketing Web Design Scholarship. Doroty is currently a sophomore at the University of California Los Angeles (UCLA), with a declared major in Design Media Arts.

For the third year in a row, Rand Marketing presented a $1,000 scholarship for an inspired submission to one student to assist with pursuing his or her education, demonstrating a passion for design. This opportunity was available to both graduating high school seniors and any student enrolled in an undergraduate or graduate degree program by Aug. 1, 2016 at any accredited U.S. college, university or institute.

The Rand Marketing Web Design Scholarship required students to submit an essay of 250 words or more describing describing what inspired the applicant to pursue a career in the graphic design or website design industry; why the applicant chose his or her particular college, university or institute; and, how the applicant expects his or her education to enhance their design creativity and careers goals. Each student also had the option to submit his or her own original design or sketch along with the essay.

"We want to congratulate Doroty on winning the 2016 Rand Marketing Web Design Scholarship," said Seth Rand, Founder and CEO of Rand Internet Marketing. "We believe that through scholarships, students can worry less about tuition and other school-related expenses, and focus on achieving their dreams."
