ADEQUATE FOR
OUR RESEARCH

HUMAN SPECIES,
FEMALE. EARLY
STAGE OF LIFE

MMMHHH....

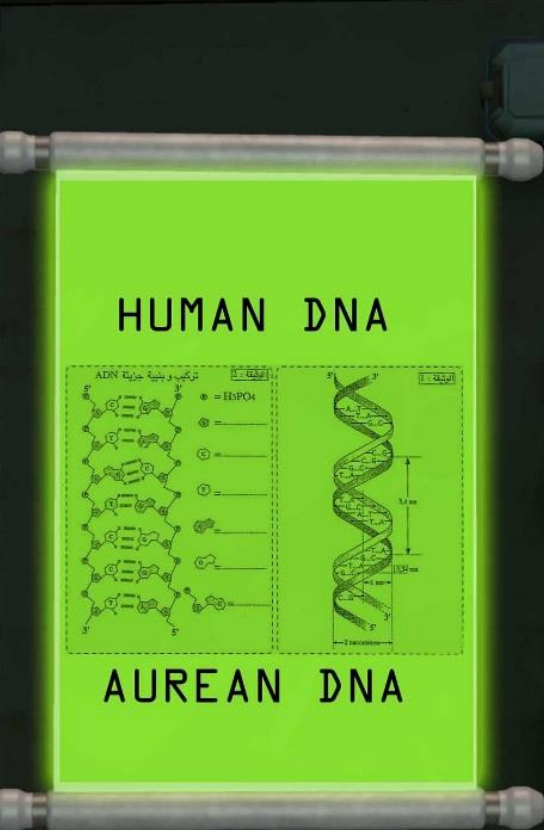

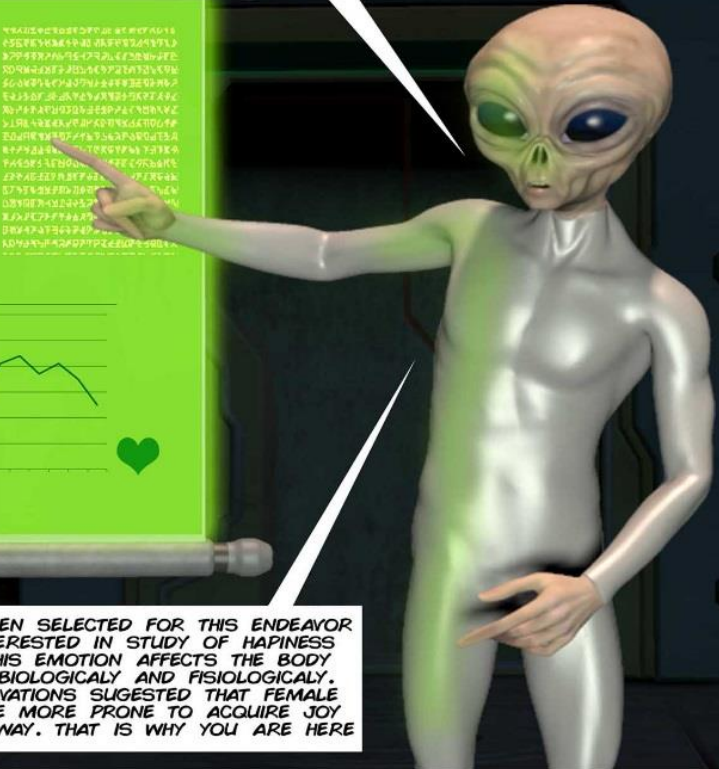

DO NOT RESIST.
YOU CAN NOT
MOVE NOW

WE COME FROM A DISTANT TIME, ONCE HUMANS LIKE YOU, OUR CIVILIZATION EVOLVED TO A SUPERIOR STATE OF MIND. BUT IN THE PROCESS, WE SUPPRESSED ALL FORMS OF EMOTION TO ACHIEVE MIND EXCELLENCE. WE HAVE BEEN STUDYING YOUR CIVILIZATION IN ORDER TO UNDERSTAND AND DEVELOP SUCH EMOTIONS LOST.

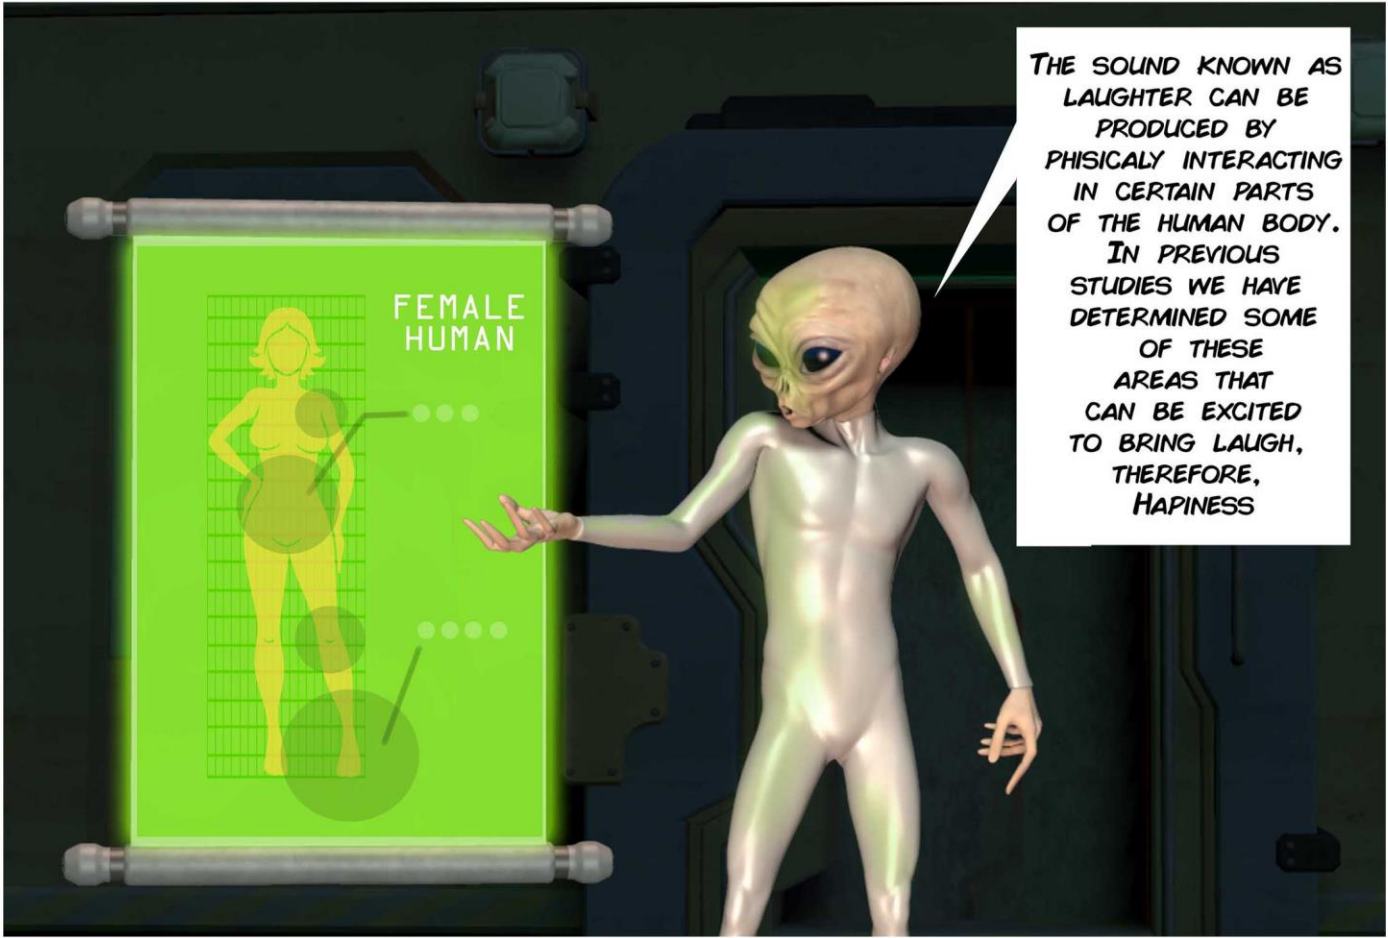

YOU HAVE BEEN SELECTED FOR THIS ENDEAVOR WE ARE INTERESTED IN STUDY OF HAPPINESS AND HOW THIS EMOTION AFFECTS THE BODY FUNCTIONS BIOLOGICALLY AND PHYSIOLOGICALLY. OUR OBSERVATIONS SUGGESTED THAT FEMALE HUMANS ARE MORE PRONE TO ACQUIRE JOY IN AN EASY WAY. THAT IS WHY YOU ARE HERE

HUMAN LAUGHTER IS THE THE ULTIMATE EXPRESSION OF HAPPINESS...

AND IN ORDER TO STUDY IT FOR OUR RESEARCH WE NEED TO OBTAIN LAUGH BY NATURAL CAUSES...

THE SOUND KNOWN AS LAUGHTER CAN BE PRODUCED BY PHYSICALLY INTERACTING IN CERTAIN PARTS OF THE HUMAN BODY. IN PREVIOUS STUDIES WE HAVE DETERMINED SOME OF THESE AREAS THAT CAN BE EXCITED TO BRING LAUGH, THEREFORE, HAPINESS

WHAT ARE YOU TALKING ABOUT?
LET ME OUT OF THIS THING,
I DON'T WANT TO BE PART OF
ANY EXPERIMENT!!
