Software: Excel, Adobe Illustrator

WORK EXPERIENCE

Software Development Intern, Lively Inc., San Francisco, CA 6/13-8/13

- Coded the design Lively's customer support website using HTML, CSS, and a templating language called Liquid
- Designs of the website UI were given to me from a graphic designer and I implemented them on to the website.

Software Developer, Lively Inc., San Francisco, CA 6/14-8/14

- Wrote a web application and tests using JavaScript along with the Angular JS framework.
- The app is an editor for JSON files; takes JSONs files, displays contained images and data in an easy to read/edit editor; outputs edited JSON in a JSON file.

Production Assistant, Deep Water Horizon Film, New Orleans, LA 7/15-8/15

- Managed distribution/repossession of walkie talkies to crew members; logged hours for crew members in time sheets;

Tutor and Grader, Computer Science Department, Claremont, CA 9/16-Present

- Tutored freshman and sophomores; graded assignments for Intro to Computer Science class and Principles of Computer Science class.

LEADERSHIP EXPERIENCE

Orientation Adventure Leader, Harvey Mudd Orientation 8/16

- Led incoming students on a two-day trip to help them get to know each other
- Led committee for Audio/Visual setup to be used in Freshman Talent Show

Key Production Assistant, Love Sonia Film 7/16

- Organized and managed 5 production assistants to set up scenes and prepare for shooting on a small independent film.
