## WORK & LEADERSHIP EXPERIENCE

---

Fall 2015 – Cont. **My University** City, St

### **Founder and President of the Pre-Veterinary Society**

- Established a pre-professional organization complete with advising and academic support under the College of Science.
- Developed internship opportunities resulting in all eligible members receiving summer internships in animal science fields in Summer 2015.

### **Student Body Representative**

- Interface with HR professionals from organizations including \*3 Big Names\* to promote continued and increasing recruitment of Uni alumni in addition to further investment in the student body.
- Work with government and university officials, including the Commissioner for the Texas Higher Education Coordinating Board and the University President, to advocate the interests of the Uni's students.

Spring 2015 **Veterinary Practice** City, St

### **Volunteer– Equine Veterinary Practice Assistant**

- Implemented a cloud-based records system, reducing paper waste by over 50% and reducing average time per patient without reducing client satisfaction.

Winter 2014, Summer 2016 **Veterinary Clinic** City, St

### **Small Animal Veterinary Assistant**

- Reduced missed morning patient treatments while cutting opening activity duration 10% by creating a simple, effective task list for the kennel manager.
- Fostered relationships with new and existing clients through effective communication, emphasizing active listening.

Spring 2013 **Farm in Hawaii** Kona, Hi

### **Volunteer– Electrical and Business Applications**

- Developed and implemented expanded automated electrical systems, resulting in efficient water usage and reduced daily labor.
- Designed market validation tests for potential expanded product offerings, which demonstrated low demand for the new product and spared capital for higher-yield investments.

Fall 2009 – Spring 2013 **XYZ Electrical Contractor** City, St

### **Crew Leader** (Spring 2011 – Spring 2013)

- Directed crews of 2-7 electricians, coordinated with other crews and office staff as part of project management team
- Successfully delivered projects (from \$2m-\$13m) including the \*Major Project Within State.\*

### **Electrician** (Fall 2009 – Spring 2011)

- Translated blueprints into functioning electrical systems on large commercial projects by coordinating with other trades, creatively attacking obstacles, and troubleshooting malfunctions.
