MO NOW PAC Chair Seileach Corleigh - columbiamonow@yahoo.com

St. Louis -- The National Organization for Women is always on the side of making history and we are proud to endorse St. Louis Treasurer Tishaura Jones in the Mayoral Election. The Missouri NOW PAC understands more than ever that local elections are what affects us day in and day out.

Tishaura was a champion for women's rights and economic rights as a state legislator in Jefferson City and has continued to serve the people as St. Louis Treasurer. Tishaura took heed to the Forward through Ferguson report and is the only candidate to hear the needs to change and take action, implementing forward and progressive thinking changes to the Office of Treasurer making it more accessible and engaging with the community than ever before.

Tishaura understands the importance of pay equity, access to health-care and smart family leave policies. These are not only women's issues but they are economic and family issues for thousands of St. Louisans.

Missouri National Organization for Women PAC is proud to support Tishaura Jones in this race and we encourage women across St. Louis to learn more about Tishaura and consider her for Mayor.
